AUSTRALIA,—QUEENSLAND.

North Barnard island—Light altered.

THE British Admiralty has given notice (No. 440 of 1901) that the light exhibited on North Barnard island, Mourilyan harbour approach, has been altered from white group flashing to *white fixed*, visible in clear weather from a distance of 14 miles, but that in other respects it is unchanged.

Approximate position, lat. 17° 40½′ S., long. 146° 11′ E.

This Notice affects the following Admiralty Charts:—Coral sea, No. 2763; Magnetic island Double point, No. 2349; Double point to cape Grafton, No. 2350: Also, List of Lights, Part VI, 1901, No. 1309a; and Australia Directory, vol. II, 1898, page 329.

NEW ZEALAND, NORTH ISLAND—KAIPARA HARBOUR.

Galatea channel—Decreased depth.

WITH reference to Notice to Mariners No. 61, dated 28th March 1899, issued by this office the British Admiralty has given further notice (No. 456 of 1901) that Tory shoal on the eastern side of the Galatea channel, Kaipara harbour entrance, is extending in a south-westerly direction; the red buoy formerly moored about 1 mile S. 26° E. from North Sand spit extremity has consequently been moved to a position on the leading line, from which North Sand spit bears N. 8° W., distant 9 cables; there is a depth of 3¾ fathoms westward of this buoy.

The North spit also has been gradually extending into the channel to the southward; abreast this spit, on the leading line, there is now a depth of only 4½ fathoms, the deepest water being to the eastward of the leading line.

Mariners are recommended to keep to the eastward of the leading line of beacons when crossing the bar, and to cross the leading line to the westward when half way between the bar and the outer buoy, and to keep still farther to the westward as the buoys are approached.

As those shoals may extend still more, any signals made from the semaphore or flagstaff on the sand hill at the back of the lighthouse should be promptly obeyed.

Approximate position, present extremity of North spit, lat. 36° 27¾′ S., long. 174° 1′ E.

(*Variation 15° Easterly in 1901.*)

This Notice affects the following Admiralty Chart:—Kaipara harbour, No. 2614: Also New Zealand Pilot (now in press).

Pulo Laut strait—Shoal—Buoyage altered.

THE British Admiralty has given notice (No. 432 of 1901) of the existence of a reef with a depth of 12 feet over it at low water in Pulo Laut strait, situated with Suangi low light bearing S. 55° W., distant 6½ cables. It is marked by a light-buoy, painted white, exhibiting a *green fixed* light.

Also, that the following alterations would be made in the buoyage during the month of May 1901:—

(*a*) The light exhibited from the light-buoy situated at a distance of about 4 cables N. 85° E. from Suangi low light would be altered from white occulting to *red fixed.*

(*b*) The light exhibited from the light-buoy, about 13 cables S. 2° E. from Suangi low light would be altered from white fixed to *white occulting* every *thirty seconds.*

(*c*) The black buoy marking the northern end of the Gusong payung, about 13 cables S. 50° W. from Ayun point, would exhibit a *white occulting* light every *thirty seconds.*

Approximate position, Ayun point, lat. 3° 18′ S., long. 116° 6½′ E.

(*Variation 2° Easterly in 1901.*)

This Notice affects the following Admiralty Chart:—Plan of Pulo Laut strait, on No. 2662: Also, Eastern Archipelago, part II, 1893, pages 310, 311; and Supplement, 1899, pages 34, 35.

Rangoon river—Exhibition of Devil's hole, Choki point, and Western Channel, leading lights.

THE following Notice to Mariners (No. 55 of 1901) issued by the Bombay Government is republished:—

Information has been received from the Port Officer, Rangoon, dated 21st June 1901, that the following leading lights have been established in the Rangoon river:—

Devil's Hole leading lights, three in number, have been placed on the east bank of the Rangoon river a little below the north beacon, the front light being due west of the beacon, one ball red mast 1¾ cables and the rear light 132 feet from it on the line of bearing, which is N. 11° E., and another front light being S. 30° E. two cables from north beacon and the rear light 100 feet from it on the line of bearing, which is S. 61° E.

2. Two leading lights have been placed at Choki Point, the front light being N. 33° W 1¼ cables from the mouth of the small creek below 'Tide Gauge' and the rear light is 200 feet apart from it, the bearing of leading line being N. 33° W.

3. Western Channel Choki leading lights have been placed on the west bank of the river above D'Silva Point, the front light being due east touching the square board and the rear light 133 feet apart on the line of bearing, which is S. 8° E.

Alteration in position of the Elephant Point Tide Gauge.

The Elephant Point tide gauge has been shifted 1¼ cables S. 13° E. (magnetic) from its former position.

The Fishing Village tide gauge is just above the mouth of the Ta-ti-ki Chaung on the low water line 100 feet below the fish trap just above the creek.

The Crossing Creek tide gauge is 200 feet north of the north point of the crossing creek.

All the tide gauges in the river, with the exception of the Crossing Creek tide gauge, have the same zero, viz., low water spring tides of the dry season.

The zero of the Crossing Creek tide gauge is 8 inches too high and will be corrected.

Neptune island lighthouse.

WITH reference to Notice to Mariners No. 161, dated 20th May last, issued by this office, the President, Marine Board, Port Adelaide, has given notice (No. 18 of 1901) that the proposed light on the South Neptune Island will probably be exhibited about 1st November 1901. The structure will be made of braced wrought iron, painted red, and situated on the highest point of the most Southern Island, in lat. 35° 20′ 10″ S., long. 136° 6′ 45″ E. (approx.). The light is to be of the second order, revolving once in fifty (50) seconds, and showing all round the horizon a group of three (3) white flashes at intervals of ten (10) seconds and an eclipse of thirty (30) seconds; that is to say, the first two flashes and eclipses will occupy ten (10) seconds each, and the third flash and eclipse thirty (30) seconds. Its focal plane will be one hundred and seventy-nine (179) feet above high-water mark, and it will be visible from a vessel's deck for a distance of about twenty (20) miles in clear weather. The cottages and stores, which will be built on the north side of the island, are to be composed of granite with roofs of red tiles, and will not be visible from the southern side.

Wikingen shoal, and 3-fathom patch—Non-existence of—Clark bank, depth on—.

The following Notice to Mariners (No. 400 of 1901) issued by the British Admiralty is republished:—

Information, dated 1st April 1901, has been received from Lieutenant and Commander C. E. Monro, H. M. surveying vessel *Dart*, that he had sounded over the supposed position of the Wikingen shoal in Princess Charlotte bay, without discovering any sign of danger. As this shoal has been searched for on previous occasions without success, and as it was

originally reported as being partially dry at low water, it is believed not to exist, and has consequently been expunged from the Admiralty charts.

Also, with reference to Notice to Mariners No. 393 of 1893 (210 of 1893 issued by this office) further search has been made for the coral patch reported to exist in lat. 14° 12′ S., long. 143° 55′ E., without effect. It is therefore considered that this danger is identical with the 3-fathom patch (now named Olive) situated in lat. 14° 11′ S., long. 143° 56′ 05″ E., as was stated was probably the case, in Notice to Mariners No. 813 of 1900 (No. 3 of 1901 issued by this office). The southern shoal has therefore been expunged.

Although H. M. S. *Dart* closely examined Clark bank, lat. 14° 7′ S., long. 143° 56′ E., also originally reported in Notice to Mariners No. 393 of 1893, without obtaining less depths than 5 fathoms, it is probable that there is as little as 3½ fathoms on this danger, as Mr. Clark states he sounded in that depth on a pinnacle. The 3½ fathoms has therefore been inserted on the Admiralty Chart.

RESOLUTION ON THE ANNUAL REPORT OF THE VETERINARY COLLEGE AND OF THE CIVIL VETERINARY DEPARTMENT, BENGAL.

REVENUE DEPARTMENT—AGRICULTURE.

Calcutta, the 16th July 1901.

RESOLUTION—No. 2717.

READ—

The Annual Report of the Bengal Veterinary College and of the Civil Veterinary Department, Bengal, for the year 1900-1901.

Read also—

Letter No. 94T.A., dated 21st June 1901, from the Director of the Department of Land Records and Agriculture, Bengal, submitting the above report with his remarks.

The Annual Report of the Bengal Veterinary College and of the Civil Veterinary Department, Bengal, was received with commendable punctuality on the 24th June, six days before it was due. The report has this year been written in accordance with the special orders of the Government of India conveyed in their circular No. 5—56-1, dated 19th March 1901. The attention of the Director of Land Records is called to paragraph 15, clauses III and IV, of the Resolution No. 987-1013, dated 24th February 1901, of the Government of India which laid down certain general lines to be followed with reference to the preparation of future reports, with special reference to the Appendices D and J of the present report.

2. *The Veterinary College.*—The results of the examinations were creditable to the students and their instructors in all three classes, more especially in the Diploma examination, in which all the candidates were successful. Of the new students who joined the College, it is not stated how many were Muhammadans, but it appears that only one Muhammadan appeared in the first-year examination. The Principal should see that a suitable text-book is procured for instruction in therapeutics. Arrangements have since been made to do away with the services of the outside lecturers.

All the students, with the exception of one who failed last year, in each class, held stipends, 14 being provided by Government and 25 by District Boards or private individuals.

3. *The Infirmary.*—The number of patients treated in the infirmary again showed a marked increase. A large number of rinderpest cases were admitted, and to this is due the increase in the death-rate. Under the Act for the Prevention of Cruelty to Animals, the hospital has been declared to be an infirmary, and has been much utilised. The transfer of the glanders hospital from Entally to Belgachia has been sanctioned.

4. *Veterinary Assistants.*—The demand for Veterinary Assistants still continues unabated: the new graduates have already got appointments, and the demand will continue to increase now that the scheme for the gradual establishment, as funds permit, of veterinary dispensaries throughout the districts of Bengal has received sanction.

5. *Veterinary Dispensaries.*—The dispensaries have continued to do good work, but suffered in some cases from want of funds. Under the new scheme, these dispensaries will in future be placed on a sounder basis A better locality should, if possible, be secured for the Motihari dispensary. That at Muzaffarpur is said to have suffered from private competition. The Lieutenant-Governor regrets to hear the account given of the Cuttack dispensary, and trusts that the Municipality will see their way to contributing to the cost. The thanks of Government to Rai Kamaleswari Prosad Singh Bahadur of Monghyr, for his donation to the Dumka dispensary, have been given. The report on the improvements made to the Chittagong dispensary is very satisfactory. It is hoped that the local authorities of Purnea will be able to raise funds towards the support of a dispensary, specially desirable in a great cattle country like Purnea. The accounts of most of the dispensaries do not appear to be as carefully kept as they should be.

6. *Epidemic Disease.*—Several cases of glanders were discovered throughout the mufassal, and it is probable that this disease is far more rife than the statistics show. The question of adopting means to check it in Calcutta is under the consideration of Government. There was a severe outbreak of rinderpest in Birbhum, where 15,626 head of cattle are said to have perished. The Lieutenant-Governor regrets to learn that the effectual and simple arrangement for the removal of contagious cases from the Calcutta gowkhanas was rendered inoperative by the action of the officer in charge. The notice of the Chairman of the Municipality will be drawn to this.

7. *Experiments.*—The Lieutenant-Governor has read with interest Veterinary-Major Raymond's report on inoculation for rinderpest. What is called the plain serum method is clearly the most suitable, considering the natural prejudices of the people, and also that the majority are unable to lay up their bullocks from work for even a short period.

8. *Improvement of stock.*—The results attained have not been very encouraging, but the Superintendent is hopeful of the future.

9. The Lieutenant-Governor thanks Veterinary-Major Raymond for the care and ability with which he has continued to manage the affairs of the Department.

By order of the Lieutenant-Governor of Bengal,

F. A. SLACKE,

Secretary to the Govt. of Bengal.

PRELIMINARY FORECAST OF THE SUGARCANE CROP OF BENGAL, 1901.

THE following is published for general information.

F. A. SLACKE,

The 19th July 1901. *Secy. to the Govt. of Bengal.*

DEPARTMENT OF LAND RECORDS AND AGRICULTURE, BENGAL.

Preliminary Forecast of the Sugarcane Crop of Bengal, 1901.

Explanatory.—This forecast deals primarily with the estimates of area and outturn of the sugarcane crop of the Province, but with Government order No. 141T.—R., dated the 22nd May 1899, instructions were received for the inclusion in this report of estimates of the amount of sugar produced from other sources than cane. Reliable statistics on the subject are not, however, as yet available, and it is consequently impossible to give any more definite information than that which has been furnished by some of the District officers, and which will be found entered in column 10 of the statement appended to this report.

The character of the season.—The rainfall in January was everywhere above the normal for the month, except in East Bengal. In the following month, the fall was deficient in East and North Bengal, and there was a marked deficiency throughout the Province in March. Many parts of the Province received fair rain in April, but the districts of North Bengal and Bihar continued to suffer from want of rain in that month. The drought was further emphasised in May everywhere but in Bihar, the defect being considerable in East Bengal. In June there was heavy rain in North and East Bengal, especially in the districts of Dacca and Mymensingh, but in the Orissa and Chota Nagpur Divisions and in most districts of Bihar, the fall was very scanty. Since the last few days of June, however, the rainfall has been general and steady, and this has greatly improved the prospects of this crop. On the whole, the season has not hitherto been altogether favourable to the sugarcane crop, which has also, in a few districts, suffered from locusts and insect pests.

Area sown.—Since the publication of last year's final report on this crop, the District Officers of Dinajpur, Saran, Champaran, and the Sonthal Parganas have revised their

estimates of the normal area, and in consequence the provincial total now stands at 899,100 acres against 903,600 acres, as estimated in 1900. Several District Officers have also revised their estimates of the area planted with sugarcane last year, with the result that the total area cultivated with sugarcane in 1900 is now reported to have been 857,500 acres. The total area put under this crop in the current year is estimated as 867,100 acres. The failure to sow the normal area is mainly due to the unfavourable character of the early months of the season.

Character of the crop.—With the recent rain the prospects of the crop have greatly improved. In 24-Parganas (106 per cent.), Bhagalpur (114 per cent.), and the Sonthal Parganas (111 per cent.) an outturn above the normal is anticipated, and in the districts of Birbhum, Bankura, Hooghly, Khulna, Rajshahi, Rangpur, Bogra, Faridpur, Backergunge, Gaya, Saran, Champaran, Hazaribagh, Palamau, and Manbhum the outturn is expected to reach the normal standard. In six districts the estimates vary between 90 and 99 per cent., in fourteen others they vary between 80 and 89 per cent., and in the remaining districts the outturn is estimated variously at between 63 and 79 per cent. of a normal crop.

Outturn.—According to the district returns, which are summarised in the statement attached, the outturn of the crop for the Province as a whole is expected to amount to 94 per cent. of a normal crop. The prospects of the crop have, however, improved since the submission of the district returns, and I anticipate that if the season continues favourable, a normal outturn will eventually be obtained.

G. C. DUTT,

Assistant Director of the Department of Land Records and Agriculture, Bengal.

P. C. LYON,

Director of the Department of Land Records and Agriculture, Bengal.

Burdwan ...	Burdwan ...	1,726,080	1,283,800	27,400	27,600	27,700	85	84	For want of timely rainfall the outturn is expected to be less than the normal in the Sadar and Kalna subdivisions. The rainfall being seasonable in the Katwa and Raniganj subdivisions, the normal outturn is expected. The estimated amount of sugar produced from the date-palm in the Sadar, Kalna, and Katwa subdivisions is 8,290 cwts. No sugar is obtained from date-palms in the Raniganj subdivision.	
	Birbhum ...	1,121,920	900,000	9,000	8,000	9,000	100	100	The amount of sugar produced from date-palms is 3,000lbs.	
	Bankura ...	1,977,440	642,800	15,000	15,500	14,000	100	100	Want of rain at the time of transplantation has decreased the area. No sugar is produced in this district. About 2,000 maunds of *gur* are obtained from date-palms in the Vishnupur subdivision.	

Division.	District.	Total area of district in acres.	Total area estimated to be under cultivation in acres.	Approximate normal area under sugarcane in acres.	Approximate area under sugarcane last year (1900) in acres.	Estimated area under sugarcane this year (1901) in acres. Burdwan—concld.	Midnapore ...	3,298,800	2,190,600	20,400	18,300	18,100	68	69	The area brought under cultivation this year is less than the normal area owing to the scanty rainfall at the beginning of the season. For the same reason the outturn is expected to be below the normal. The amount of sugar produced in the district from date-palms is estimated at 23,143 cwts.	
	Hooghly ...	1,067,360	702,500	14,500	13,700	14,400	75	100	Sugar is not manufactured from date-palms or from other sources in this district	
	24-Parganas ..	1,344,640	1,102,600	4,500	4,600	4,800	101	106	Owing to the favourable rainfall the outturn is expected to be above the average. The amount of sugar produced in the district from the date-palm is 44,137 cwts., and that from other sources is 7,087 cwts.	

Presidency	Nadia ...	1,788,160	1,303,000	14,000	10,300	10,300	80	90	The amount of sugar produced in the district from the date-palm is 30,700 cwts. That from other sources is 136,285 lbs.
	Murshidabad	1,373,440	986,500	17,000	17,000	14,700	69	82	The estimated yield of *gur* per acre is 45 maunds. No sugar is produced in this district from date-palms or from any other source.
	Jessore ...	1,872,000	1,142,100	15,000	15,000	15,000	75	84	The amount of sugar produced in this district from date-palms is 262,500 cwts. and that from other sources is 81,250 cwts.
	Khulna ...	3,163,942	870,000	3,100	3,100	1,900	95	100	The amount of sugar produced from the date-palm is 72,100 cwts.
	Rajshahi ...	1,663,040	1,262,100	13,000	13,800	13,500	100	100	The decrease in area is due to cessation of rainfall at the time of transplantation in the Naogaon subdivision. Sugar is not produced from date-palms and other sources in the Sadar and Naogaon subdivisions. In the Nator subdivision about 732 cwts. of sugar is reported to be produced from date-palms.
Rajshahi ...	Dinajpur ...	2,526,080	1,697,600	25,000	30,000	30,000	113	96	In consequence of the advantages afforded by sugarcane crushing machines introduced into the district, the cultivation of sugarcane has perceptibly expanded; hence the figures in column 5 (approximate normal area) have been revised. No sugar is manufactured in this district either from sugarcane or the date-palm or any other source.
	Jalpaiguri ...	1,894,600	1,075,000	3,100	2,900	2,900	60	80	No sugar is produced in this district from any other sources than cane.

	Pabna ...	1,176,960	682,500	68,000	68,000	60,000	65	75	The outturn will increase if favourable weather continues, and a normal crop may be expected. No sugar is produced in this district from the date-palm or from any other sources.	
	Dacca ...	1,780,480	1,213,500	20,000	20,000	20,000	92	89	Owing to insufficient rainfall at the time of planting, it is not expected that the crop will yield a normal outturn this year. Sugar produced from the date-palm is estimated at about 140 cwts. It is not manufactured from any other source.	
	Mymensingh	4,082,480	2,406,700	35,000	33,600	33,600	90	65	For want of timely rain the outturn is estimated below the normal. Sugar produced from the date-palm and other sources in this district is too small to be reported.	

Dacca ...	Faridpur ...	1,460,480	1,007,500	42,000	43,000	40,000	100	100	The decrease of area in column 7 is due to insufficient rain during the planting season. The amount of sugar produced in the district from the date-palm is 11,518 cwts. That from other sources, nil.
	Backerganj ...	2,335,360	1,406,000	20,000	20,000	20,000	100	100	The crop is thriving well, and it is expected that the outturn will be normal this year. The amount of sugar produced in the district from date-palms is roughly estimated at 20,285 cwt.
	Tippera ...	1,594,880	1,188,400	15,100	15,100	14,800	91	89	The decrease in area and outturn is due to want of rain at the time of plantation. The sugar is not manufactured either from the date-palm or from any other sources in this district.
Chittagong ...	Noakhali ...	1,062,000	818,000	900	400	400	80	70	Owing to the want of sufficient rain during the planting season the outturn is expected to be less than the normal. Sugar is not produced in this district from date-palms or from any other sources.
	Chittagong ...	1,594,515	506,000	9,200	9,000	9,000	68	70	The figures quoted in column 3 are those given in Mr. Allen's settlement report. The outturn is expected to be less than the normal owing to want of rain. No sugar is produced in this district from the date-palm or from any other sources.

An increased area is reported to have been put under sugarcane this year both in the Sadar and Bettiah subdivisions of this district. Sugar is not produced from date-palm or any other sources than sugarcane in this district.	

Muzaffarpur	1,941,254	1,627,000	8,800	8,800	8,000	75	90	The short outturn as compared with the normal, is due to want of rain in April and May 1901, especially in the Hajipur subdivision. No sugar from other sources than sugarcane is produced in this district.	
Darbhanga ...	2,154,440	1,630,700	73,900	73,200	75,500	80	60	.....	
Monghyr ...	2,509,440	1,383,800	6,800	6,400	6,600	79	61	The decrease in outturn is due to insufficient rainfall at the time of planting.	
Bhagalpur ...	2,704,640	2,067,000	63,700	63,700	63,700	107	114	The prospects are good, but rain is urgently wanted everywhere.	
Purnea ...	2,163,520	1,639,800	9,500	8,900	9,600	83	80	Drought is the cause of decrease in outturn. No sugar is produced in this district from the date-palm or from any other sources.	
Malda ...	1,516,960	672,800	8,000	3,000	3,600	75	75	The want of sufficient rainfall at the planting season is the cause of decrease in outturn. Sugar is not produced in this district either from the date-palm or from any other sources. 2,800lbs. of *gur* per acre are produced from sugarcane of this district.	
Bhagalpur ... Santhal Parganas.	3,680,160	1,725,160	17,000	16,880	18,080	107	111	Owing to timely rainfall the outturn is expected to be good. No sugar is produced in this district either from the date-palm or any other sources.	
Cuttack ...	2,323,200	1,161,360	5,860	4,500	4,500	90	83	The prospects of sugarcane are not good owing to want of rain. No sugar is manufactured from date-palm or other sources.	
Orissa ... Balasore ...	1,354,368	859,800	4,400	2,300	2,600	80	95	The decrease in area and outturn is due to want of rain. Sugar is not produced from date-palms or other sources in this district.

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

o, overcast ; d, drizzling rain ; p, passing temporary showers ; t, thunder.

LAND SALE NOTICES.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situated in the district of Midnapore will be put up to sale at the Midnapore Collectorate on Thursday, the 26th September 1901, corresponding with the 10th of Aswin 1308 B.S. and 11th of Aswin 1309 A.S.

The purchasers will be subject to the following conditions of sale:—

Conditions of Sale.

1st.—Each estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them, subject to the revenue fixed in perpetuity.

2nd.—The sales to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and the purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of the original sale.

The purchasers will be subject to the following conditions of sale:—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchaser of the estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.

2nd.—The lease to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchaser to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

Government of Bengal.

PUBLIC WORKS DEPARTMENT.

ROAD CESS.

Dated Calcutta, the 26th July 1901.

RESOLUTION.

Receipts and Expenditure of the several District Road Funds and District Road Accounts in Bengal during 1899-1900.

READ—

Annual Reports and Accounts of the several District Road Funds and District Road Accounts in Bengal for the year 1899-1900, received from the Commissioners of the Divisions concerned.

Read again—

Annual Reports and Accounts of the several District Road Funds and District Road Accounts in Bengal for the previous year and the review thereof, No. 2730R.C., dated 3rd July 1900.

REMARKS.—The Bengal Local Self-Government Act of 1885 was in force in 1899-1900 in all the districts of the Province, except the following:—

Darjeeling.	Manbhum.
Hazaribagh.	Singhbhum.
Ranchi.	Sonthal Parganas.
Palamau.	Chittagong Hill Tracts.

In the first five of these districts and in the Dalbhum and Porahat parganas of the Singhbhum district, the Cess Act of 1880 was in force during the year under review, while the other parganas of the last-mentioned district, together with the Sonthal Parganas and the Chittagong Hill Tracts, were not under the operations of any of the above Acts.

RECEIPTS.

2. In the districts in which the Cess Act was in force, the cess was levied at the maximum rate allowed by law, while in those districts which were not under the operations of the Act, and in which, therefore, there were no cess

collections, funds were provided by grants-in-aid. The receipts for the year 1899-1900, compared with those of the previous year, are shown below:—

3. The decrease in revenue in the Darjeeling district was chiefly due to the fact that the Government share on account of Road and Public Works Cess Joint Establishment, as well as the contributions from the Darjeeling Improvement Fund, for two years 1897-98 and 1898-99, were received during the year 1898-99. In the Hazaribagh, Ranchi, Palamau and Manbhum districts, and that under "Cess on mines" in the Hazaribagh, Manbhum and Singhbhum districts there were better collections. There was a revaluation of two thanas in the Palamau district.

4. The following table shows the outlay incurred in 1899-1900, compared with that of the previous year:—

5. The closing balances of the Darjeeling, Hazaribagh and Singhbhum districts at the end of the year were more than one quarter of the year's

receipts of the respective Committees, that is, above the limit prescribed in paragraph 9 of the Resolution No. 4228R.C., dated 18th December 1885. The closing balance of the Sonthal Parganas was also excessive, but it was chiefly due to late receipt of certain grants from Government. The heavy closing balance in the Palamau district was partly due to the large unexpended balance of the Government grant for additions and alterations in Daltongauj Jail, the work having been commenced only a few months before the close of the year, and partly to the forfeiture of the security deposit of the contractor of the 1st section of the Garhwa Sirguja road too late in the year to admit of the amount being used. It was, however, less than the closing balance of the previous year by Rs. 2,683. In Darjeeling the year opened with a balance of Rs. 24,346, but it closed with a balance of Rs. 45,412. This large balance was due to the loan of Rs. 50,000 from Government, for reconstruction and repairs of Road Cess Bridges damaged or destroyed by the storm of 24th September 1899, having been drawn on 28th March 1900.

6. Of the total expenditure incurred during the year, Rs 3,40,350 were devoted to Civil Works, while the outlay under other sub-heads, exclusive of "Suspense Accounts," was small, being Rs. 76,396 only in the aggregate. The distribution of the outlay on Civil Works is as follows:—

7. *Original Works.*—The principal works carried out in the several districts during the year 1899-1900 are as follows:—

Darjeeling District—

(1) Construction of the bridge over Kyel river at Balua Bans. This bridge was begun in 1897-98, and was very nearly completed during the year, the expenditure during the year being Rs. 2,000-12-8.

(2) Construction of an iron suspension bridge over the Balasun river at Namsoo. It was begun in 1898-99. The expenditure during the year under review was Rs. 8,448-5-4.

(3) Construction of a bridge at Singbali for which materials were collected during the year at a cost of Rs. 870-2-3.

The above expenditure was incurred prior to the storm of the 24th of September 1899. These bridges belonging to the Road Cess Committee, together with six others which were seriously damaged by the abovementioned storm, were subsequently taken over by the Public Works Department for carrying out their restoration and reconstruction. The total cost of these works and repairs was then estimated at Rs. 1,66,480, and a sum of Rs. 12,863 was expended during the year under review from funds supplied by the District Road Committee out of a loan to them of Rs. 50,000 sanctioned by the Local Government for the purpose.

Hazaribagh District—

(1) Construction of an Inspection Bungalow at Koar on the 9th mile of the road from Giridih to Khesuri.

Ranchi District—

(1) Diversion of Ranchi-Lohardaga road.

Palamau District—

From Public Works Funds—

(1) Dismantling the back enclosure wall and rebuilding a new one 120 feet further back in Daltonganj Jail, the expenditure on which during the year was Rs. 2,857-2-9.

From Local Funds—

(2) Raising and gravelling 4 miles of the Hariharganj road.
(3) Construction of an Inspection Bungalow at Hussenabad.
(4) Construction of pauper ward and a contagious diseases ward for the Daltonganj Hospital.

Singhbhum District—

(1) Construction of the Kera and the Nursinggurh station roads.
(2) Construction of Jamda-Salai road.

Sonthal Parganas—

From Public Works Funds—

(1) Improvement of drainage in Dumka Jail.
(2) Extension of the compound wall of Dumka Jail by throwing back the existing eastern wall.
(3) Construction of a 1st class lock-up at Jamtara.
(4) Construction of high-level tank, &c., for the water-supply of the Distillery at Rajmahal.
(5) Iron record rack to the Subdivisional Court building at Godda.

From Local Funds—

(6) Improvement of the Babupur bridge on the 68th mile of Bhagalpur-Suri road.
(7) Construction of a bridge on the 13th mile of Deoghur-Nagore road No. 12.

From Land Revenue—

(8) Construction of a bridge over Gumra river in Dumka Damin.
(9) Construction of a masonry bridge on Godda-Simlong road.
(10) Construction of a bridge on Mangra stream.
(11) Construction of a bridge over the Morell stream.

Chittagong Hill Tracts District—

(1) Construction of a hospital with suitable accommodation for medical stores and indoor patients at Banderban.

8. *Repairs.*—The total expenditure under this head was Rs. 2,16,718 as detailed in the table below :—

Total ...	2,96,119	63,691	21·51

* Inclusive of Rs. 24,556 for Works and Repairs under Land Revenue.

In the Darjeeling district, the very low percentage is due to the fact that no Engineer was employed: all the works and repairs in the hills of the district and most of those in the Terai were executed by the members of the Committees and other private gentlemen to whom the thanks of Government are due for their assistance. The sum of Rs. 1,071 spent under this head was for the Public Works establishment in the Terai subdivision only. The percentages in the districts of Hazaribagh, Ranchi, Palamau and Chittagong Hill Tracts are high. In Hazaribagh the high percentage is due to the appointment of a passed sub-overseer on an increased salary and to the payment of leave allowances to a sub-overseer; in Ranchi to the payment of establishment charges for March 1900 within the year under review for the purpose of winding up the accounts of the now defunct District Road Committee; and in Palamau to the small sum which was spent on Provincial Civil Works. In Chittagong Hill Tracts the charges for establishment during the year were Rs. 6,864 against Rs. 7,100 of the previous year.

ORDER.—Ordered that a copy of this Resolution, together with the Annual Accounts of the several District Road Funds and District Road Accounts, extracts from the Reports of the Chairmen of the several District Road Committees, and remarks of the Commissioners of Divisions concerned, be published in Part II of the *Calcutta Gazette*.

Ordered also that a copy of this Resolution be forwarded for information to the—

Commissioners of the Rajshahi, Bhagalpur, Chittagong and Chota Nagpur Divisions;
Superintending Engineers of the Northern and Western Circles;
Inspectors of Works, Eastern and Bhagalpur Circles;
Accountant-General, Bengal;
Board of Revenue, Lower Provinces;
Financial Department of this Government.

By order of the Lieutenant-Governor of Bengal,

D. JOSCELYNE,
Secretary to the Govt. of Bengal.

Abstract of the Report by the Chairman, District Road Committee of Darjeeling, on the operations of the District Road Fund of the district during the year 1899-1900.

[*Vide* letter No 153R.F., dated 10th August 1900, from A. EARLE, ESQ., C.S., Chairman of the District Road Cess Committee, Darjeeling, to the Commissioner of the Rajshahi Division.]

1. *Working of the Committee.*—There were 19 members of the District Road Cess Committee (5 official and 14 non-official). Five meetings were held during the year. The average attendance was 9·4, and the percentage of the average attendance was 49·4.

2. There were 20 members (6 official and 14 non-official) of the Terai Branch Road Cess Committee. Six meetings were held during the year, the average attendance being 7·3, and the percentage of average attendance 36·5.

3. The Kurseong Sub-Committee consisted of 9 members (1 official and 8 non-official). Four meetings were held during the year, the average attendance being 5·75, and the percentage of average attendance 63·8.

4. The year opened with a cash balance of Rs. 24,345-12-2 and unadjusted advances amounting to Rs. 13,206-7-2. The total sum available for expenditure was Rs. 98,909-10-7, including the receipts (Rs. 24,563-14-0) of the year and a loan from Government of Rs. 50,000. Out of this Rs. 43,410-12-2 were spent, leaving a balance of Rs. 68,705-5-7, which includes the unadjusted advances of Rs. 23,292-14-8 outstanding at the close of the year. This large balance was due to the loan from Government which was drawn on the 28th March 1900, for the re-construction and repairs of Road Cess bridges destroyed by the cyclonic storm of the 24th September 1899.

5. *Collections.*—The cess was levied in the district at the maximum rate of six pies per rupee. The sum of Rs. 19,492-4-4 was realised as cess on land and Rs. 97-8-3 on account of cess on mines, making a total of Rs. 19,589-12-7. The decrease under the former head is due to arrears and short advance collections, and that under the latter head is owing to the fact that large arrears of the former year were realised in the previous year, and also to short collections of the year.

6 *Contributions.*—(*a*) *Grant from Government.*—The grant of 1½ per cent. collections from Government and other estates, the Government contribution to Road and Public Works Cess Joint Establishment, and a special grant for plague operations amounted to Rs. 2,973-11-6 as against Rs. 3,190-14-2. The comparative decrease is due to the fact that a sum of Rs. 400 on account of the Government share of Road and Public Works Cess Joint Establishment for 1897-1898 was credited during 1898-1899.

(*b*) Contribution of Rs. 2,000 from the Darjeeling Improvement Fund was received during the year as a yearly grant.

(*c*) No contribution from private gentlemen and other sources was received during the year.

7. *Miscellaneous.*—A sum of annas six and pies four only was realised on account of interest on arrear collections.

EXPENDITURE.

8. *Original Works.*—The sum of Rs. 11,319-4-3 was spent under this head against Rs. 11,967-9-2 in the preceding year. Out of this sum Rs. 10,449-2-0 represents the cost of Balua buns and Namsoo suspension bridges, which has been charged in the year and Rs. 870 2-3 spent in purchasing ironwork, &c., for the bridge over the Balasan river at Singbali.

REPAIRS.

9. *Communications.*—The total expenditure of Rs. 26,892-1-5, as per details below, was incurred under this head during the year :—

Name of the Committee.	Particulars of expenditure.	Amount.	Total.
		Rs. A. P.	Rs. A. P.
District Road Cess Committee, Darjeeling.	Roads ...	5,581 1 7

	Total ...	.....	26,728 6 10
	Village roads ...	.....	163 10 7
	Grand Total ...	.....	26,892 1 5

There is a total increase of Rs. 14,087-12-1, which is due chiefly to the fact that certain unadjusted advances of the previous years were adjusted, and certain extra amounts were spent for roads and bridges owing to the damage caused by the cyclone during the year.

10. Altogether 280 miles of unmetalled district roads were repaired at a cost of Rs. 26,159-12-4, or Rs. 93·42 per mile, and 10 miles of village roads at a cost of Rs. 163-10-7, or Rs. 16 3 per mile. Rupees 568-10-6 were spent on the repairs and maintenance of Hill bridges in general.

11. *Loan.*—A loan of Rs. 50,000 was granted by Government for the reconstruction and repair of Road Cess bridges destroyed and damaged by the cyclone of 24th September last. The sum was drawn from the Treasury on the 28th March 1900, and has been advanced to the Executive Engineer, Darjeeling Division.

12. *Public Works Establishment.*—No professional Engineer was entertained by the Committee during the year. An overseer and a peon were entertained by the Terai Branch Road Cess Committee at a cost of Rs. 1,040-6-8, the former at Rs. 80, including a horse allowance of Rs. 20, and the latter at Rs. 7 per mensem. All the works in the Hills and most of those in the Terai were kindly executed by the members of the Committee and other private gentlemen to whom the thanks of the Committee are due for their valuable assistance. One overseer was temporarily entertained by the District Road Cess Committee for the construction of the Balua buns and Namsoo suspension bridges.

13. *Tools and plant.*—The sum of Rs. 438-13-9 was spent on the purchase of tools and plant for the construction of the new suspension bridges above reported.

14. *Inspection of Accounts.*—The accounts for the whole year have been audited by the members of the Audit Sub-Committee, and those up to September 1899 by the Examiner of Local Accounts.

15. *Special Report.*—The catastrophe of the 24th September 1899 destroyed most of the bridges of the Road Cess Committee and caused heavy damage to some of the roads. The whole of the accumulated fund of the Committee has been spent, and heavy loans are being contracted with a view to restoration.

DISTRICT ROAD FUND OFFICE, DARJEELING;
The 10th July 1900.

No. 197R.C., dated Ranchi, the 30th September 1900.

From—A. FORBES, ESQ., C.S.I., Commissioner of the Chota Nagpur Division,
To—The Secretary to the Government of Bengal, Public Works Department.

I HAVE the honour to submit herewith the reports and accounts of the District Road Committees in this Division for the year ending the 31st March 1900, with the following remarks.

2. The Local Self-Government Act III (B.C.) of 1885 has been introduced, with effect from the beginning of the current financial year, into all the districts of this Division except Singhbhum.

3. The following table exhibits the constitution of each Road Committee, the number of meetings held and the percentage of average attendance at those meetings:—

DISTRICT.	NUMBER OF MEMBERS FORMING THE COMMITTEE.			Number of meetings held.	Percentage of average attendance.
	Official.	Non-official.	Total.		
1	2	3	4	5	6
Hazaribagh ...	8	16	24	3	37·5
Ranchi ...	4	8	12	6	38·8
Palamau ...	6	12	18	6	33·9
Manbhum ...	5	12	17	12	35·8
Singhbhum ...	5	10	15	11	39·3

The percentage of attendance ranged from 39·3 in Singhbhum to 33·9 in Palamau.

4. The Branch Road Cess Committee at Giridih in Hazaribagh held four meetings, with an average attendance of 5·7 members out of a total number of 12 members. In all of these meetings a quorum was obtained.

5. The Cess Act was in force in the districts of Hazaribagh, Ranchi, Palamau, Manbhum, and in parganas Porahat and Dhalbhum in Singhbhum, and the cess was levied at the maximum rate allowed by law in all of them.

6. The following table shows the opening balance, income, expenditure and the closing balance of each Road Committee for the year under review, as compared with those of the preceding year:—

	Hazaribagh.		Ranchi.		Palamau.		Manbhum.		Singhbhum.

As compared with the preceding year, there have been increases in the income of all the Road Committees in the Division during the year under review, mainly under the head "Cess on lands and mines" and also under the head of "Fees, fines and forfeitures" in Ranchi and Palamau. The increase under the former head in all the districts is due to better collections and in Palamau also to the revaluation of two thanas having come into force from the beginning of the year under review, whilst that under the latter head in Ranchi and Palamau is mainly due to the realisation of a larger amount of revaluation fines.

7. The following table exhibits the revenue of each Road Committee (excluding opening balances and the suspense heads) the expenditure incurred on works and the establishment charges on account of those works:—

DISTRICT.	Revenue.	AMOUNT SPENT ON WORKS.			Cost of establishment employed on works.	Total expenditure on works, including establishment charges.	Percentage of establishment on amount spent on works (column 6 on column 5).	Percentage of total expenditure on works on revenue (column 7 on column 2).
		Original.	Repairs.	Total.				
1	2	3	4	5	6	7	8	9
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
Hazaribagh	66,317	4,997	33,640	38,637	10,125	48,762	26·2	73·5
Ranchi	47,363	263	22,251	22,514	8,598	31,162	38·1	66·8
Palamau	34,416	11,816	8,258	20,074	6,573	26,647	31·2	76·5
Manbhum	70,372	889	41,984	42,773	12,274	53,047	24·0	75·4
Singhbhum	20,236	6,125	9,365	15,488	3,909	19,457	25·6	96·1
Total ...	2,37,803	24,088	15,478	1,39,536	39,299	1,79,775	28·2	75·2

Taking the Division as a whole, the percentage of expenditure on account of establishment for works on the amount spent on works was 28·2, the same as in the previous year. As compared with this year, the percentages in the following districts show increases:—

	1898-99.	1899-1900.
Hazaribagh ...	24·9	26·2
Ranchi ...	30 5	38 1
Palamau ...	27 3	31·2

In Hazaribagh the increase is due to the appointment of a passed Sub-Overseer on an increased salary and to the payment of leave allowances to a Sub-Overseer, in Ranchi to the payment of establishment charges for March 1900, within the year under review for the purpose of winding up the accounts of the now defunct District Road Committee and in Palamau to a less sum having been spent on Provincial Civil Works.

8. The following statement gives a summary of the local works executed during the year in the form circulated with Government Cicular No. 2M., dated the 16th January 1900:—

10. The register of sources of water-supply in Forms I and II prescribed by the Government Circular No. 8T.—M., dated 15th May 1896, have been opened and tested by the Deputy Commissioners of the several districts, and steps are being taken to improve the existing sources and to add new ones as far as funds permit. The details of the water sources have been given in separate statements accompanying the district reports.

11. The District Engineers and their establishments have given satisfaction generally in the discharge of their duties.

Abstract of the Report by the Chairman, District Board of Hazaribagh, on the operations of the District Road Fund of the district during the year 1899-1900.

[*Vide* letter No. 66D.B., dated 12th May 1900, from F. C. French, Esq., C.S., Chairman, District Board Hazaribagh, to the Commissioner of the Chota Nagpur Division.]

Working of the District Road Committee.—The number of members of the District Committee was 24 as in previous years. The number of meetings held during the year was 3, in all of which quorums were obtained. The average attendance was 9, the same as in the previous year.

2. *Branch Committee.*—There was only one Branch Committee in this district, viz., at Giridih. The number of members of the Branch Committee was 12 as in previous year. It held four meetings during the year, in all of which quorums were obtained. The average attendance was 5·7 against 4·2 in the previous year. It appears from the increase in the average that the members took greater interest in public matters than in the previous year.

RECEIPTS.

3. During the year the road cess in this district was levied, as in previous years, at the maximum rate prescribed by law, viz., 6 pies per rupee. The demand for road cess on lands and mines during the year amounted to Rs. 56,824 as compared with Rs. 55,193 in the previous year. The amount of additions made to this demand was Rs. 430, and that of reductions and remissions from it was Rs. 263. The net demand for road cess on lands and mines amounted to Rs. 56,991 as compared with Rs. 56,824 in the previous year. The increase in the demands on lands was due to valuation and assessment for the first time of a rent-free land sanctioned by the Board of Revenue under section 37 of the Cess Act, IX (B.C.) of 1880, in their letter No. 52A., dated 21st February 1899. The additions and reductions in the cess demands on mines and forests were due to annual valuations and assessments of these properties under Chapter V of the Cess Act. The total road cess demand of the district, including Rs. 7,864 on account of the arrears of 1898-99, amounted to Rs. 64,855 as compared with Rs. 59,781 in the previous year. The actual arrears at the close of the year 1898-99 amounted to Rs. 7,939. Out of this amount Rs. 75 was remitted during the year.

4. Out of the net demand of Rs. 64,855, Rs. 61,724, including Rs. 1,548 previously paid in advance for the year, were collected, as compared with Rs. 51,842 in the previous year, leaving an outstanding balance of Rs. 3,131, or 4·82 per cent. on the total demand, as compared with Rs. 7,939, or 13·28 per cent. in the previous year. The advance collections during the year amounted to Rs. 1,445 against Rs. 1,554 in the previous year. The percentage of arrear collections on arrear demand was 99·13, that of current collections on current demand 94·62, and that of total collections on current demand 108·30, as compared with 91·31, 86·47 and 91·23, respectively, in the previous year.

5. The certificate procedure was adopted to recover the arrears that fell due within the year. The arrears on account of kist ending the 28th March 1900 in respect of 63 revenue-paying estates were under section 45 of the Cess Act payable up to 12th April 1900: hence no certificates for recovery of these arrears were filed within the year ending 31st March 1900.

EXPENDITURE.

6. *Original Works.*—The total outlay under the head Original Works was Rs. 4,997 as compared with Rs. 5,504 in the preceding year. The following original works were carried out in this district during the year:—

(1) Eight and a quarter miles of road No. 4 from Giridih to Khejuri *vid* Kharakdiha were gravelled at a cost of Rs. 3,392, or Rs. 411 per mile, against a budget grant of Rs. 3,500.

(2) An inspection bungalow at Koar on the 9th mile of the Giridih to Khejuri road, which remained unfinished in the previous year, was completed during the year the expenditure incurred being Rs. 108.

(3) Twenty-six new pucka *dari* wells were constructed during the year in the different villages in the district at an aggregate cost of Rs. 1,452, and two such wells which remained incomplete in 1898-99 were completed during the year at a cost of Rs. 34. Rupees 11 was spent in excavating three *dari* wells, but for want of natural springs in the bottom, they were rejected. The total amount spent on constructing *dari* wells was Rs. 1,497 against a budget grant of Rs. 1,500.

7. *Repairs to District Roads.*—The number of district roads in this district as per revised schedule of public works for 1899-1900 was 30. Of these, 28 roads, 544 miles long, were repaired during the year at a cost of Rs. 20,887 as compared with Rs. 21,315 on account

of cost of repairs to 27 roads, 544 miles long, in the preceding year. This expenditure was incurred in the maintenance and repairs of the following descriptions of roads under the District Committee:—

(1) Thirteen miles of metalled and bridged roads at Rs. 597, being Rs. 45·92 per mile.
(2) Thirty-one miles of roads, metalled, bridged and drained throughout, at Rs. 3,452, being Rs. 111·35 per mile.
(3) One hundred and thirty-five miles of unmetalled roads, partially bridged and drained, at Rs. 5,425, being Rs. 4·18 per mile.
(4) Sixty-one miles of road, banked and surfaced with gravel, at Rs 2,308, being Rs. 37 83 per mile.
(5) Three hundred and four miles of roads, banked, but not surfaced, partially bridged and drained, at Rs. 9,105, being Rs. 29·95 per mile.

8. During the year, road No. 17 from Pachamba to Mirzaganj *vid* Chitardih was transferred and maintained by the Giridih Branch Committee as a village road. For want of funds no provision was made for maintenance and repairs to road No. 29, which is a class VI road.

9. The following table compares the cost incurred on each class of district roads during the years 1898-99 and 1899-1900:—

Class.	1898-99.		1899-1900.	
	Length	Cost.	Length.	Cost.
1	2	3	4	5
	Miles.	Rs.	Miles.	Rs.
I ...	44	4,420	44	4,049
II ...	336	11,510	135	5,425
III ...	43	2,088	61	2,308
IV ...	121	3,297	304	9,105
Total ...	544	21,315	544	20,887

The increase and decrease in the number of miles under different classes of roads shown in the above table are due to 201 miles of roads which were shown by mistake in classification in class II in the previous year having been transferred to classes III and IV during the year, viz., 18 miles to class III and 183 miles to class IV.

10. *Repairs to village roads.*—Forty-six village roads 273 miles long, viz., 26 roads 113 miles long in the head-quarters subdivision and 20 roads 160 miles long in the Giridih subdivision, were maintained during the year, as compared with 45 roads 301 miles long, viz. 23 roads 94 miles long in the head-quarters subdivision and 22 roads 207 miles long in the Giridih subdivision in the previous year. Rupees 8,142 were spent in maintaining the village roads in this district, viz. Rs. 1,826 in the head-quarters subdivision and Rs. 6,316 in the Giridih subdivision, as compared with Rs. 6,045, viz. Rs. 1,923 in the head-quarters subdivision and Rs 4,122 in the Giridih subdivision, in the preceding year. Out of Rs. 6,316 spent in the Giridih subdivision for maintaining the village roads, Rs. 1,567, which remained unadjusted and treated as advance in the preceding year, were adjusted and charged on account of cost of maintenance of village roads during the year.

11. The total expenditure on roads, including bungalows, &c., in the Giridih subdivision during the year amounted to Rs. 13,049 against a budget allotment of Rs. 13,504, as compared with Rs. 12,378 against a budget allotment of Rs. 12,694 in the preceding year. The allotments for expenditure on both district and village roads, including bungalows and trees, in the Giridih subdivision were fixed with reference to the actual collections within the subdivision according to the instructions contained in Bengal Government letter No. 6237R.P., dated 6th December 1898. A sum of Rs. 5,812, including Rs. 812 for the cost of establishment and contingencies, was placed at the disposal of the Giridih Branch Committee during the year as compared with Rs. 6,700 in the preceding year. Out of this amount Rs. 4,749 were charged on account of cost of maintenance of village roads, Rs. 145 on account of cost of transplanting and maintaining trees on roadsides, Rs. 37 on account of repairs, &c., of an inspection bungalow at Bharkatta, and Rs. 831 on account of cost of establishment and contingencies as compared with Rs. 5,131 expended, viz., Rs. 4,122 on maintenance of village roads, Rs. 91 in transplanting and maintaining roadside trees, Rs. 43 on repairs, &c, of an inspection bungalow at Bharkatta, and Rs. 861 on account of cost of establishment and contingencies in the preceding year.

12. The following statement shows the lengths of district and village roads, the amounts spent for their maintenance, and the cost per mile as prescribed by Bengal Government Circular No. 2M., dated 16th January 1900:—

DISTRICT ROADS.												VILLAGE ROADS.

The repairs to village roads in the Giridih as well as in the head-quarters subdivision were executed by contractors.

13. *Arboriculture.*—During the year 463 new trees were transplanted and protected with bamboo gabions, viz. 363 by the District Committee and 100 by the Branch Committee at Giridih, and 9,350 old ones were maintained, viz 8,200 by the District Committee and 1,150 by the Branch Committee, on the roadsides, as compared with 800 new trees transplanted and 9,600 old ones maintained in the preceding year. The total outlay under this head is Rs. 1,283, viz. Rs. 1,138 in the head-quarters subdivision and Rs. 145 in the Giridih subdivision, against Rs. 1,151, viz. Rs. 1,060 in the head-quarters subdivision and Rs. 91 in the Giridih subdivision, in the preceding year.

14. *Nursery.*—There is only one nursery garden in the Road Cess office compound in this district. It contains the following plants:—

Sissoo	...	...	...	70
Karounj	...	...	...	60
Mohua	...	...	...	130
Kussum	...	...	...	16

			Total ...	986

15. *Buildings.*—During the year, 25 rest-houses or inspection bungalows, viz. 24 under the District Road Committee and 1 under the Giridih Branch Committee, were maintained at a cost of Rs. 3,075, viz. Rs. 3,038 for those under the District Committee, and Rs. 37 for the one under the Giridih Branch Committee, as compared with Rs. 2,301, viz. Rs. 2,258 for those under the District Committee and Rs. 43 for the one under the Branch Committee, in the preceding year. The Road Cess office building was maintained at a cost of Rs. 141 as compared with Rs. 1,051 in the preceding year. The total expenditure under the head Buildings, including the Road Cess office building, was Rs. 3,216 as compared with Rs. 3,352 in the preceding year.

16. There is only one cart serai in this district, viz. at Bagodar on the 216th mile of the Grand Trunk Road. The income from the serai during the year was Rs. 26 against Rs. 118 in the preceding year. The cart serai was repaired during the year at a cost of Rs. 41 against Rs. 25 in the preceding year.

17. *Establishment.*—The Public Works Establishment of the Road Cess Committee of this district consisted of one District Engineer and six Sub-Overseers, five Sub-Overseers for the District Committee and one for the Branch Committee. The total cost of Public Works Establishment, including the District Engineer's Office establishment, during the year amounted to Rs. 10,125 as compared with Rs. 9,340 in the previous year. The percentage cost of establishment was 26·20 per cent. on the total expenditure on public works during the year as compared with 24·97 per cent. in the

previous year. The increase under the head Public Works Establishment is partly due to the appointment of a passed Sub-Overseer on an increased monthly salary of Rs. 50, partly to the increase under sub-heads Travelling Allowance of the District Engineer and Contingent Charges, and partly to the leave allowance of a Sub-Overseer for 12 months sanctioned by the Chairman, District Road Committee.

18. During the year, Rs. 257 was spent under head "Medical Grants for Medical purposes—Expenses during the prevalence of bubonic plague" on account of chaukidars stationed at the Giridih and Mohesmunda Railway stations, and Rs. 25 on account of cost of printing plague forms

Out of 26 *dari* (spring) wells constructed by the Road Cess Committee, 9 *dari* wells, having been constructed in villages containing 100 houses or more, have been entered in Water-supply Registers Nos. I and II, and the remaining 17 *dari* wells have been constructed in villages containing less than 100 houses. The total of the statement showing the thana totals of Form No. I has been increased by 9 *dari* wells.

20. The monthly accounts of the Committee were, as usual, audited by a Sub-Committee, consisting of the Vice-Chairman and two members, appointed under section 174 of the Cess Act, IX (B.C) of 1880.

A. WARDE-JONES,
for Chairman.

S. C. DASS,
Vice-Chairman.

Abstract of the Report by the Chairman, District Road Committee of Ranchi, on the operations of the District Road Fund of the District during the year 1899-1900.

[*Vide* letter No. 78D B., dated 31st May 1900, from H. C. STRBATFEILD, ESQ., C.S., Deputy Commissioner and Chairman, Road Cess Committee, Ranchi, to the Commissioner of the Chota Nagpur Division.]

Working of the Committee.—The number of effective members was 12, which at close of March 1900, was reduced to 11, owing to the death of Mr. Allen Peppe, Manager of Chota Nagpur Raj. Six meetings were held during the year against five in the preceding year, with an average attendance of five against the same number of the previous year. All the meetings were special, and one of them had to be adjourned for want of a quorum.

Receipts.

2. The total income of the Committee, excluding the "Debt heads," amounted to Rs. 47,382-11-8 against Rs. 43,695-9-10 of the previous year, as compared in the statement below:—

Particulars.	Amount of income in—					
	1898-99.			1899-1900.		
	Rs	A.	P.	Rs.	A.	P.
Cess on Lands	39,983	5	11	41,230	15	8
Cess on Mines, &c. ...	0	6	0	0	9	0
Interest on arrear collection of Road cess	41	7	3	292	13	11
Fees, Fines and Forfeitures ...	1,885	9	0	3,859	7	0
Miscellaneous	409	9	11	154	10	5
Receipts from Staging Bungalows ...	413	13	9	390	10	3
Grant from Government	961	6	0	1,453	9	5
Total ...	43,695	9	10	47,382	11	8

The increase in the receipts under the head "Cess on land" is due to the better collection of road cess from the Chota Nagpur Estate. The collection of the accumulated interest on the arrears of all the kists of the year 1898-99 accounts for the increase under the head "Interest." The reason for increase in Fees, Fines and Forfeitures is the recovery of larger amount of revaluation fines. On the other hand, the decrease under the head "Miscellaneous" is owing to receipt of only one year's contribution for supervision of works by the District Engineer in the Government and the Wards' Estates against that of the three years' accumulated contribution during the previous year. The receipts from the staging bungalows also show some falling off on account of the dâk bungalows not having been received by European gentlemen for long periods as was the case during the previous year, while there is an increase in the "Grant from Government," due to the refund by Government of the contribution paid by the Committee during the previous year towards the cost of the plague operations in Bengal.

Expenditure.

3. The following statement compares the expenditure of the Committee excluding the "Debt heads" during the past two years:—

The increase under the head "Cost of Collection" is due to payment of contribution towards the cost of certificate establish ment which had to be strengthened for the purpose of dealing with certificates for recovery of revaluation fines. The increase under "Revaluation" charges is on account of thirteen months' expenditure having been disbursed during 1899-1900, against only twelve months' charges in the preceding year. Payment of special allowance of Rs. 100 to the widow of the late Head Clerk and Accountant, Baboo Nanda Lal Chatterji, under Commissioner's sanction, conveyed in his No. 105R.C., dated 8th June 1899, and purchase of furniture and the cost of printing annual accounts, &c., in the *Calcutta Gazette*, mainly account for the increase of expenditure on "Establishment and Contingencies of the Committee's Office." Better collection of revenue necessitated an increase in "Audit Fee." The revision by the Board of Revenue of the form of the register of tenures and the consequent necessity of obtaining a fresh supply, as well as the purchase of stationery, account for the increased expenditure under the head "Stationery." "Printing," "Miscellaneous," "Civil Buildings—Repairs," "Communications—Original works," and "Communications—Repairs" all comparatively show considerable falling off, owing respectively to smaller number of forms having been printed at private presses; to smaller receipt of contribution for supervision by the District Engineer of works in the Government and Wards' Estates, and consequently smaller payment to him as his remuneration; to the ordinary repairs to the Road Cess Office, against stone pavement and cemented flooring of the previous year; and to the smaller expenditure on roads and communications to provide for funds for test works Both "Public Works Establishment" and "Petty Establishment" show an increase which is due to payment during the year of salaries and wages for the month of March 1900, instead of in the following month. The decrease under "Tools and Plant" is due to small number of tools having been purchased during the year, while that under "Contribution to Provincial Government" is due to no contribution being required for plague camps, as was the case in the previous year.

4. *Original Works—Communications.*—The expenditure under this head amounted to Rs. 46-11-6. It was incurred on earthwork for diversion of the Ranchi-Lohardaga road for the approaches to the proposed bridge over the Sunk river. This work was done as a Test Relief Work.

5. *Repairs—Civil Buildings.*—A sum of Rs. 95-9-1 was spent on repairs of Road Cess Office and godown.

6. *Repairs—Communications.*—Twenty district roads (494½ miles long) and 32 village roads (164 miles long) were maintained during the year, costing Rs. 22,123-2-1, of which Rs. 18,988-15-2 were spent on the former, and Rs. 3,134-2-11 on the latter. With the expenditure on the district roads are included Rs. 184 spent on maintenance of Inspection Bungalows and huts and a cart serai, and Rs. 870 on arboriculture. The following table shows the different classes of roads maintained, their mileage and cost of maintenance. The cost shown in this table is exclusive of the expenditure on bungalows, &c., but inclusive of that on arboriculture.

The shortness of funds at the disposal of the Committee stood in the way of maintenance of the roads in such a state of efficiency and excellence as might be desired. But all that could be done commensurate with available funds to keep the roads in a fair order was not of course left undone. In case of the Lalpur-Hazaribagh road (class I) remetalling was done in a portion of the road and patch repairs to metalling executed in the rest, and the parapet walls of Jamundherha bridge were raised. In case of roads of class II portions were regravelled where necessary, and patch repairs to gravelling were done elsewhere, repairs to culverts and a bridge being also done. On the Ranchi-Lohardaga road, important for its heavy cart traffic, which comes under this class, and where ten miles of regravelling was done, the space for cart tracks, two feet on either side, was, as an experimental measure, metalled with stone metal. In the case of roads of class III, surface repairs were executed to make them passable. In some cases, however, regravelling and patch repairs to gravelling were done, and some temporary culverts were repaired and renewed. The roads of class V consisted only of village roads, and merely earthwork was done. Two of them (Gamharia-Bhandra and Karra-Bero roads) were executed as test-works, the former costing Rs. 419-13-9 and the latter Rs. 40-8.

7. *Miscellaneous Works of Public Improvements*—(*a*) *New Works.*—*Water-supply.*—Rupees 235-15-1 were spent in completing the wells at Silli, Lodhma and Jaria and in clearing the wells at Opa.

(*b*) *Repairs.*—The work under this head also consisted of water-supply. A sum of Rs. 62-9-5 was spent in re-excavation of a tank at Gomia as a test-woork.

8. The following statement gives particulars of water-supply in the district :—

9. As reported in the previous year's report, there is not any likelihood of a failure of drinking-water in this district where every village has one or more perennial natural springs (*daris*), which afford a wholesome supply of drinking-water. In isolated cases, however, these springs run very low in the hot weather, thereby causing some inconvenience to the villagers in their neighbourhood. There are also wells in nearly all the big villages, but it is very difficult to ascertain how far they are perennial Many of them run dry, or nearly so, during the hot weather. It is the same with tanks and bandhs, which are, however, fewer in number. As a rule, the people prefer spring-water to well-water, and very seldom drink tank-water.

10. *Arboriculture.*—A sum of Rs. 870 was spent in maintaining the roadside trees, and has been charged to repair to roads. Two hundred and fifty-six seedlings reared in the nurseries were planted to fill up vacancies in the existing avenues to replace those that had died during the dry weather. 410 bamboo gabions were supplied, and 159 earthen enclosures were constructed for the protection of the plants. A nursery was maintained in the compound of the Road Cess godown, and 400 mango seedlings were planted during the year, besides taking care of the different descriptions of plants grown in the previous year.

11. *Test-works.*—When the symptoms of a famine became visible, test-works were opened under the Committee wherever distress seemed to be most acute. In order to provide for funds, all works that were not absolutely necessary were postponed, and the Budget Estimate was revised. These test-works consisted of repairs to two village roads

and a bund as well as of diversion of the Ranchi-Lohardaga road. The expenditure, which is included under the proper heads of account, is detailed below :—

	Rs.	A.	P.
Diversion of Ranchi-Lohardaga road ...	46	11	6
Repairs to Gamharia-Bhandra village road ...	419	13	9
Ditto Karra-Bero road	40	8	0
Re-excavation of a tank at Gomila	62	9	5
Total ...	569	10	8

This expenditure was met out of the advances made to the District Engineer from time to time for execution of these works which at the close of the year amounted after recoupment to Rs. 600. In addition to this an advance of Rs. 500 was made to the Inspector of Famine for expenditure on test-works. It would thus appear that a sum of Rs. 1,669-10-8 was disbursed by the Committee both for direct expenditure on, and advances for, the test-works. Besides the District Engineer, the Overseer, the two sub-overseers and the road muharrirs were employed in organising and supervising the test-works not only under the Committee, but also under the Government and the Wards' Estates.

12. *Accounts* —The accounts of the Committee were audited monthly by the Vice-Chairman and two other English-knowing members of the Committee. There was no audit during the year by the Examiner of Local Accounts.

RANCHI,

The 31st May 1901.

H. C. STREATFEILD,

Deputy Commissioner.

Abstract of the Report by the Chairman, District Board, of Palamau, on the operations of the District Road Fund of the District during the year 1899-1900.

[*Vide* letter No. 46D B., dated 12th May 1900, from G. BALTHASAR, ESQ., C.S., Chairman, District Board Palamau, to the Commissioner of the Chota Nagpur Division.]

1. *Working of the District Road Committee.*—There were six meetings of the District Road Committee held during the year. In all of these a sufficient number of members was present to form a quorum. The average attendance of members was 6·1 against 8·5 in the preceding year, out of a total of 18 members.

RECEIPTS.

2. *The working of the Cess Act.*—The Road cess was levied in the district at the maximum rate of half-an-anna in the rupee, both on the annual value of lands and on the annual net profits from mines. The demand on account of cess on lands and mines during the year was increased from Rs. 43,524 to Rs. 48,418. This increase was due to the revaluation of estates within the jurisdiction of thanas Patan and Chhatarpur coming in force from the 1st April 1899. The year commenced with an arrear of Rs. 12,963, and this, together with the current demand for the year, *minus* Rs. 1,444 previously paid in advance, gave a total of Rs. 59,937 for collection within the year. Of this sum, Rs. 12,935 were realised on account of arrears, and Rs. 33,579 on account of the current demand, leaving a balance of Rs. 14,867 at the end of the year, against Rs. 12,963 in the preceding year. Besides the arrear and current collection mentioned above, a sum of Rs 1,401 was collected in advance for the following year. Thus the total collection during the year amounted to Rs. 47,915, against Rs. 43,364 in the preceding year:—

EXPENDITURE.

3. *Civil Buildings.*—(*a*) *Original Works.*—The only works under this head sanctioned during the year were (1) dismantling the back enclosure wall of the Daltonganj Jail and building a new one 120 feet further back, at an estimated cost of Rs. 3,700, and (2) constructing a workshed in the Daltonganj Jail at an estimated cost of Rs. 2,496. The following table shows the estimated cost and outlay on original works of all descriptions undertaken and carried out during the year:—

(*b*) *Repairs.*—No repairs to the Public Works Department buildings, costing Rs. 500 or above, were carried out during the year. The unexpended balance, amounting to Rs. 2,309-9-7, of the grant of previous years for maintenance of these buildings was refunded early in the year to the Public Works Department by order of the Government. The following table shows the expenditure incurred on petty repairs of all descriptions executed during the year:—

4. *Communications*—(*a*) *Original Works.*—No new roads were made during the year. For want of funds, the sanctioned but unfinished work on the Garhwa-Sirguja road was not resumed. The question of constructing a number of new roads and improving some of the existing ones to serve as Feeders to the Railway, is still under consideration. A sum of Rs. 253 only was spent during the year in taking the preliminary surveys and levels for the most important of the proposed Feeder Roads, viz., the road from Garhwa to the nearest Railway Station. Among improvements carried out to the existing roads are the following:—

(1) A sum of Rs. 1,390 was spent in raising and gravelling 4 of the very heavy miles of the Hariharganj road.

(2) The construction of a number of pucka culvert from 9th to 20th miles of the Manatu road was taken in hand under an estimate sanctioned for Rs. 4,080. The work has nearly been completed, and the expenditure on this estimate stood at Rs. 1,713 on the 31st of March 1900.

(3) Final payments were made for the construction of three pucka culverts on the Patan road. The actual expenditure was Rs. 1,020 against a sanction of Rs. 1,044.

(4) A sum of Rs. 1,381 was paid on account of pucka culverts constructed on the road from Daltonganj to Hussenabad, under an estimate sanctioned for Rs. 9,699 in 1896-97.

(5) Rupees 329 were spent in part payment for a 10-feet pucka culvert on the Sahpur Branch road against a sanctioned estimate of Rs. 673.

(6) A sum of Rs. 313 was expended in constructing a 5 feet pucka culvert an Sahpur-Salatua road against a sanctioned estimate of Rs. 320.

(7) An inspection bungalow on the type plan was built at Hussenabad at a cost of Rs. 1,151, against a sanctioned estimate of Rs. 1,152.

Rai Dirgaj Deo Bahadur, of Untari, promised to the late Deputy Commissioner to build an inspection bungalow at Untari. The site was selected by the Deputy Commissioner, and it was understood that the bungalow would be completed by December 1899. Since the transfer of the Deputy Commissioner no steps have been taken to put the work in hand.

The following table shows the budget grant, estimated cost and outlay on new works of all descriptions, executed during the year :—

	Total ...	19,161	8,882	7,587 2 10

(*b*) *Repairs.*—There is no Provincial or Imperial road in the district, nor any roads of classes I and II. The total mileage of roads maintained during the year by the District Road Committee is 337¼, of which 4½ miles are of class III, 314 miles are of class IV, and 18¾ are of class VI. The subjoined table shows separately the budget grants, estimated cost and outlay in maintaining each of the three classes of roads :—

CLASS	Length in miles	Budget Grant.	Amount of sanctioned Estimate.	Expenditure during the year.
1	2	3	4	5
		Rs.	Rs	Rs A P.
Class III ...	4½	170	170	123 5 10
„ IV ...	314	8,826	8,429	6,676 2 3
„ VI ...	18¾	391	391	91 6 6
Total ..	337¼	9,387	8,990	6,890 14 7

The total expenditure on 4½ miles of class III roads was Rs. 123-5-10, against Rs. 69-10-5 of the previous year, or an average of Rs 30-13, against Rs. 15-8 per mile, in the preceding year. Nearly 95 per cent. of the total mileage of roads in the district is of class IV, that is unmetalled and unbridged, and in many cases not raised from the surrounding ground level. Where temporary culverts exist, they are of the cheapest and most unsubstantial character. The total expenditure on 314 miles of class IV roads was Rs. 6,676-2 3, against an allotment of Rs. 8,826, or an average of Rs. 21-4 per mile, against Rs. 25-10 in the preceding year. The total expenditure on 18¾ miles of class VI road was Rs. 91-6-6, against an allotment of Rs. 391, or an average Rs. 5 per mile, against Rs. 14 per mile in the preceding year. The total expenditure on roads of classes III, IV and VI during the year was Rs. 6,890-14-7, or an average of Rs. 24·7 per mile of the previous year The principal items of works executed in repairing the roads were as follows : —

(1) Jungle clearing from banks and slopes, petty repairs to surface and surface dressing.

(2) Drain-clearing and new drain-cutting where the road is undistinguishable from the surrounding land.

(3) Repairing and rebuilding temporary, jungle-wood culverts.
(4) Gravel patch repairs to the few miles that are gravelled.
(5) Such small improvements as could be effected within the limits of the allotment.

With an average allotment of Rs. 25 per mile of road per year, the roads can only be kept open and ma'e just passable for wheel traffic during the eight fair-weather months of the year.

5. *Village roads*—There are 39¾ miles of roads classed as village roads in the revised printed schelude. Of these, 4½ miles are class III, 8 mi'es class IV and 18¾ miles are class VI. The total expenditure during the year was Rs 249-15-11, against Rs. 289-11-9 in the preceding year, or an average of Rs. 8-5 per mile, against Rs. 10-4 in the preceding year.

6. *Inspection Bunglows.*—The number of inspection bungalows was raised from 16 to 17 on account of the construction of an inspection bungalow at Hussenabad during the year. The subjoined table shows the amount expended in the up-keep of inspection bungalows during the year:—

Serial number.	Name of Bungalow.	Station.	Schedule number of roads on which situated.	Amount expended on repairs.

Besides ordinary maintenance repairs, the roofs of the Chhatarpur and Hariharganj Bungalows were thoroughly renewed during the year, and planked ceilings were substituted for cloth ceilings. The re-roofing of the Kajri and Manatu Bungalows, completed towards the end of the year 1898-99, was finally paid for during the year.

7. *Miscellaneous Public Improvements.*—(*a*) *New works.*—Under this head the following works were executed during the year:—

(1) Providing Horbury's patent latrines and constructing a pauper ward and a contagious diseases ward for the Daltonganj Hospital. The Dispensary Committee made over Rs. 900 to the District Road Committee for the above works. The works were completed at a cost of Rs. 808.

(2) Construction of pucka masonry wells at Manatu and Balumath. A sum of Rs. 250 was advanced to the District Superintendent of Police for the above works out of which Rs. 204 were expended and the balance refunded into the Treasury.

(*b*) *Repairs.*—No expenditure was incurred during the year under this head.

8. *Arboriculture.*—All existing roadside trees were maintained, but no new trees were planted out, as many of the young trees are in urgent need of protection. A sum of Rs. 37 only was spent out of an allotment of Rs. 300 in providing dry brick gabions.

9. *Establishment.*—The permanent establishment under the District Road Committee was strengthened by one sub-overseer appointed on probation during the year. This establishment now consists of one District Engineer and two sub-overseers. The temporary work establishment consisted of three munshis and four road peons. Of these, one munshi worked only for eight months. The temporary establishment assisted the permanent establishment in carrying out the local works and repairs to which their pay was charged. The cost of

establishment during the year was Rs. 6,272-10-7, against an allotment of Rs. 6,312-8. The following statement shows the relative expenditure on works and repairs as compared with the expenditure on establishment employed thereon during the years 1898-99 and 1899-1900. :—

10. The cost of petty establishment was Rs. 614 2-10 during the year against an allotment of Rs. 616 in the budget.

11 *Tools and Plant.*—The amount expended during the year under this head was Rs. 91-6, against an allotment of Rs. 235.

12. The closing balance of the District Road fund in the preceding year was Rs. 15,040, and that in the year 1899-1900 Rs. 12,357. This balance could not be brought down to the prescribed limit on account of the heavy unexpended balance of the Government grant for additions and alterations in the Jail at Daltonganj, as the work commenced only a few months before the close of the year, and on account of the forfeiture of the security deposit of the contractor of the 1st section of Garhwa-Sirguja road too late in the year to admit of the amount being used.

13. *Water-supply.*—The statement below shows the thana totals in Form I, prescribed in paragraph 3 of the Bengal Government Circular No. 8T.—M., dated the 15th May 1896, and the sources of water-supply of all the thanas in the district as they stood on the 31st March 1900:—

14. The accounts of the Committee's office are kept under the direct supervision of the Chairman. These accounts, as well as those of the office of the District Engineer, were audited by the Standing Sub-Committee, composed of the Vice-Chairman and two other *ex-officio* members appointed under the provisions of section 174 of the Cess Act. The accounts of the Committee for the year have not been checked by the Local Auditor, though they have been examined by the Audit Sub-Committee.

The outstanding balance of the year 1898-99 was Rs. 35,424 and the demand for the year was Rs. 84,937 against Rs. 25,969 (outstanding) and Rs. 80,800 (demands) for the previous year. The increase in demand is due to the assessment of coal mines. The collection during the year was Rs. 84,374 against Rs. 71,345 of the previous year. The short collections are chiefly attributed to the non-collection of cesses due by the Patkum and Barahabhum Encumbered Estates. Almost the whole of the arrear balances are due by these two estates.

3. The revaluation of 67 estates was sanctioned by the Government. The work was commenced in August 1898 and completed in March 1899. The increase obtained by this revaluation is Rs. 5,527. This change will take place from 1900-1901.

4. The following statement shows the total amount placed in the hands of the District Road Committee consisting of Road Cess and other miscellaneous collections and the expenditure during the year :—

EXPENDITURE.

5. *Original Works (Communications).*—A sum of Rs. 1,000 was provided for in the budget estimate for the year for construction of two roads, viz., Rs. 500 for an approach road, about a third of a mile in length, to the Pradhankhuta Railway station of the Barakar-Katras branch of the East Indian Railway, and Rs. 500 for a road, about quarter of a mile in length, to connect the Grand Trunk Road (near village Egarkur in 152nd mile) with an adjacent coal siding line of the East Indian Railway. Owing to unavoidable circumstances, none of these roads were taken in hand.

6. *Buildings.*—Nothing was provided for or done under this head during the year.

7. *Repairs (Communications).*—The total length of roads maintained by the District Road Committee during the year was 506½ miles, of which 59 miles were Provincial roads, the same as in the preceding year, and 447½ were District roads of all classes, against 434½ miles in the preceding year. The increase is due to the Gobindpur-Pokhuria Road (11 miles) and Para-Anara Road (2 miles) which were constructed as relief measures during

the scarcity of 1897 having been taken up for repairs during the year. The Gobindpur-Pokhuria Road has opened out a considerable extent of rather jungly country with several Sonthal villages in it, and the Para-Anara Road has much facilitated communication between Dubra Chati and the Anara station of the Bengal-Nagpur Railway.

8. The total grant for maintenance of the Provincial roads during the year was Rs. 18,173, of which Rs. 6,600 was for works undertaken and partially executed during the preceding year, and Rs. 11,573 for works undertaken during the year. The expenditure actually incurred under the several heads of works was Rs. 17,593, viz, Rs. 11,081 for works undertaken and executed during the year and Rs. 6,512 for works undertaken and executed during 1898-99, but completed during the year. The statement below gives an abstract of the expenditure on these roads under different heads:—

						17,593						

The works done in the two Provincial roads under the Committee consisted of the maintenance of the roads with the improvements of surface and slopes and approaches to unbridged nalas wherever necessary, repairs to bridges and culverts and inspection bungalows and maintenance and plantation of trees. The following works may be especially noted:—

Chas-Gulbera Road.—The surface of two of the worst miles in this road (miles 14 and 15) was improved by stone metalling the wheel tracks and gravelling the space between. Stone metal for similar improvements to miles 3, 4, 7 and 8 was also collected. A rough causeway was constructed in the bed of a nala in the 9th mile, and the lower portions of its approaches were improved by pucca side-drains and stone metalling.

Purulia-Barakar Road.—Requisite quantities of stone metal for thorough repairs to surface of halves of miles 8, 22, 36, 39 and whole lengths of miles 10, 42 and 43 were collected. A new stable, a cook-shed and a subordinate's quarters were constructed for the Inanpur bungalow and a room was added to the cook-shed of the Jhapra bungalow.

9. The total grant for the maintenance of the district roads of all classes was Rs. 30,480. The actual total expenditure during the year was Rs. 24,342, including Rs. 6,482 spent for the completion of the works undertaken and partly executed during the preceding year. Several works could not be undertaken till towards the end of the year, and some others could not be completed for want of funds owing to unavoidable arrears in collection of cess due from some of the estates in the district. An abstract of the expenditure incurred under different heads of works for the different classes of the roads is given in the statement below:—

Description of roads.	Length in mile.	Amount spent in each class of road.				Cost per mile of each class of road.				Remarks.

The works under this head during the year were almost restricted to the ordinary necessary repairs to the several roads with the bridges and culverts and bungalows in them and petty improvements of surface of some of the roads with gravel, &c. In addition to these the damages caused to some of the roads, banks, bridges and approaches to unbridged nalas, during the extraordinary rainfall of 1898, were thoroughly repaired during the year.

10. *Buildings*.—The only buildings under the District Board are the bungalows and the cart serais along the several roads.

11. *Arboriculture*.—A sum of Rs. 289 was spent under this head on district roads, of which Rs 250 was for works (including wages of *malis*) done during the year, and Rs. 39 for works done during the preceding year. The following is a comparative statement of the trees on the roads referred to above during the two preceding years:—

	1898-99.	1899-1900.
Established trees	2,273	2,244
Below 5 feet	111	353
Total ...	2,384	2,597

From the above it will appear that at the end of the year the total number of established trees was less than the total shown at the end of the preceding year by 29. This is due to 29 established trees having been blown down during the year. The amount spent under this head on the Provincial roads under the Committee was Rs. 1,528, including Rs. 50 for works undertaken and partly executed during the preceding year, but completed during the year 1899-1900. The following brief statement shows the result of the operations of the year under this head:—

Name of road.	Number of trees at the end of 1898-99.			Number of trees at the end of 1899-1900			Total increase.
	Established.	Not established.	Total.	Established.	Not established.	Total.

2nd section ...	1,828	460	2,228	2,046	451	2,497	269

The year opened with a plantation of 6 out of the 17 miles in the first section and about 13 out of the 25 miles in the second section of the Barakar-Purulia Road, and closed with a plantation of 7 miles in the Chas-Gulbera Road, 8 and 14 miles in the first and second sections, respectively, of the Barakar-Purulia Road, or a total increase of 3 miles of avenues. This may be considered satisfactory as the staff of *malis* remained the same as in the preceding year.

12. The following statement shows briefly the budget grant and outlay under each head during the year:—

13. *Miscellaneous Public Improvements—Water-supply*.—A sum of Rs. 839 was spent on this head for works done in the preceding year, viz., construction of two pucca wells at Dourda and Puncha and re-excavation of the Maltibandh at Chandil. The statement below

prepared and revised under Bengal Government Circular No. 87.—M., dated 15th May 1896, shows the thanawari totals of the sources of water-supply in the district:—

RAM CHURN SINHA,
RAKHAL DAS SARKAR, } *Members.*

Vice-Chairman.

Abstract of the Report by the Chairman, District Road Committee of Singhbhum, on the operations of the District Fund of the District for the year 1899-1900.

[*Vide* letter No. 28R C, dated 31st May 1900, from W. B. Thomson, Esq., Chairman, District Road Committee, Singhbhum, to the Commissioner of the Chota Nagpur Division.]

1. *Working of the Committee.*—During the year the Committee held 11 meetings against 6 in the previous year for the transaction of businss, and in all of them a sufficient number of members was present to form a quorum.

RECEIPTS.

2. *Working of the Cess Act, IX (B.C.) of 1880.*—The road cess in the district was levied at the maximum rate prescribed by law. The demands, collections and arrears on account of road cess on lands, mines, quarries and jungles are shown in the following tabular statement:—

Arrear outstanding from last year.	Demand for the year.	Remission of demand.		Net demand.		Collections during the year.		Net gross balance.	Remarks.
		Arrear.	Current.	Arrear.	Current.	Arrear.	Current, including excess payments from previous year credited to the current year.		
1	2	3	4	5	6	7	8	9	10
Rs. 86	Rs. 9,253	Rs. 46	...	Rs. 40	Rs. 9,253	Rs. 40	Rs. 9,053	Rs. 200.	A sum of Rs. 11 was collected in advance during the year for next year.

The gross arrears due for 1898-99 were Rs. 86. Out of this sum Rs. 46 was remitted and the balance Rs. 40 was collected in full. The current demand of the year was Rs. 9,253 against Rs. 8,314 of previous year. The increase of Rs. 939 was due to the annual valuation of immoveable property assessed under Chapter V of the Act. Out of the current demand Rs. 9,053 was realised during the year, including excess payments made in the previous year. The percentages of arrear and current collections on the net arrear and current demands were 100 and 97·83, respectively, against 100 and 99·04 in the previous year. The balance Rs. 200 is due from the tenure-holders assessed under Chapter V of the Cess Act.

3. The opening balances, receipts, charges, and the closing balances of the District Road Committee during the year are compared below with those of the previous year:—

Particulars.	1898-99.	1899-1900.
	Rs.	Rs.
Opening balance	6,633	5,552
Receipts	21,736	21,966
Total ...	28,369	27,518
Expenditure	22,817	23,604
Closing balance ...	5,552	3,914

The closing balance is smaller than the opening balance of the year and is much below the limit of one quarter's kist of the minimum prescribed in paragraph 9 of the Government Resolution No. 4228R.C., dated the 18th December 1885. The smallness of the closing balance of the year was due to repairs of the accidental flood damages to the Bhattaijur and Hari nala bridges on the 51st mile of the Chaibassa-Bend road, which were unavoidably necessary.

* Re. 1 shown separately in 1898-99 against sub-head "Petty repairs and construction" is included in column 2 against "Repairs" in this statement.

5. *Public Works—Original Works.*—A sum of Rs. 6,123 was expended under this head during the year against the budget allotment of Rs. 7,173. The following works were carried out during the year:—

(*a*) Metalling of 1½ miles of the Chaibassa-Jyntgurh road at a cost of Rs. 2,029; and a rest-house was constructed on the road at a cost of Rs. 276.

(*b*) Jamda-Salai road was taken up during the year. But owing to paucity of funds, it could only be made a fair-weather road by cutting trees, clearing jungles and making side-drains. The cost incurred for making the first section was Rs. 935. The work is in progress.

(*c*) Two other new roads, viz., the Kera road and the Nursinggurh Station Road, were made during the year at a cost of Rs. 468.

(*d*) A verandah was added to the Road Cess office building and the heavy portions of (1) Chaibassa-Bend road, (2) Chaibassa-Subarnarekha river road, and (3) Chaibassa-Katbari road, were gravelled at a cost of Rs. 2,415. This sum includes the cost of replacing the wooden mile-posts by stone ones.

6. *Repair Works.*—There were no specially important repair works carried out during the year. A sum of Rs. 9,152 was expended under this head against a budget grant of Rs. 10,036. One hundred and eighty-four miles of gravelled roads were maintained at a cost of Rs. 4,197 and were kept up in a fair condition. Fourteen fair-weather roads, aggregating 259 miles in length, were kept up in a fair condition at a cost of Rs. 2,281 and were fit for cart traffic. The steep gradients were improved and the approaches down to the beds of the unbridged rivers and nalas were eased for wheel traffic, catch-water and side-drains were also made in some of these roads. The Bhattaijuri and Hari nala bridges on the 51st mile of the Chaibassa-Bend road were much damaged in foundation by the highest flood of 1897. The piers and abutments of these bridges were repaired and protected by means of floorings and certain walls with other improvements at a cost of Rs. 2,032. Village roads, aggregating about 18 miles, were repaired and made passable for cart and *sagar* traffic under the supervision of the District Engineer at a cost of Rs. 182. There are 11 staging bungalows and rest-houses under the District Road Committee. All these houses and the Road Cess

office building were kept up in fair condition at a total cost of Rs. 442. Besides this, a sum of Rs 18 was expended during the year on "Petty repairs and construction." There were 413 miles of district roads and 25 miles of village roads for repairs. The following details show the total lengths of roads of each of the several classes, the cost of maintenance of each class of roads, and the average cost of maintenance per mile :—

(1) One hundred and four miles of class II roads were maintained at a cost of Rs. 3,968, or on an average Rs. 38 10 per mile.

(2) Forty-nine miles of class III roads were maintained at a cost of Rs. 1,644, or on an average Rs. 33 55 per mile.

(3) Eighty-three miles of class IV roads were maintained at a cost of Rs. 1,419, or on an average of Rs. 17 09 per mile.

(4) One hundred and seventy-seven miles of class V roads were maintained at a cost of Rs. 1,478, or on an average of Rs. 8·35 per mile.

(5) Twenty-five miles of village roads were maintained at a cost of Rs. 182, or on an average of Rs. 7·28 per mile.

7. *Arboriculture.*—During the year a nursery was made near the Jubilee tank at Chaibassa. Mango, mohua and kusum trees were grown in it. These plants (about 200 in number) were replanted along the roadsides, and existing trees (about 1,020 in number) were maintained at a cost of Rs. 213. The young plants were protected by bamboo gabions. These plants are in a flourishing state, especially those on the Chaibassa-Katbari road.

8. *Test relief work.*—Arrangements were made to commence test relief work on the Monoharpur side, but the people did not come forward to work at the famine rate, as they got sufficient work under the *sabai* and timber contractors.

9. *Plague.*—A sum of Rs. 641 was spent during the year to meet the salary of the chaukidars employed by the District Superintendent of Police at the railway stations to detect suspected plague cases. During the latter end of August 1899, the plague subsided, and the services of these chaukidars were dispensed with. The proportionate shares of the plague costs were recoverable from the three Political Chiefs, viz., Seraikella, Khurswan, and Gangpur, all of whom paid up their share, except the Chief of Gangpur.

10. *Water-supply* —The register of sources of water-supply, Nos. I and II, prescribed by Government Circular No. 8T.M., dated the 15th May 1896, was kept up in the usual form. During the year a sum of Rs. 6,223 was spent by the Deputy Commissioner on the construction and repairs of the bunds. These bunds, besides being a means of irrigation, are also very useful for supplying drinking water to the villagers in Kolhan. Besides this a sum of Rs 1,223 was spent for sinking three wells at Chiroo, Keyar Challone and Dumuria, and for repairing the pump of the Melahat well. Of these the well at Chiroo was completed during the year and the other two are in progress. The cost of all these works as well as of the new roads was met by the Deputy Commissioner from miscellaneous and sanitary funds, and they were carried on under the supervision of the Sub-Overseer and the Kanungo. No expenditure was incurred by the Singhbhum District Road Committe on water-supply during the year. The following statement shows the source of water-supply in the district:—

12. The aggregate salaries and absentee allowances of the Engineer officers, accountants and servants entertained by the Singhbhum District Road Committe, together with the Collector's establishment under section 91, and the amount paid under section 181 of the Cess Act, exceeded the one-fourth of the income of the Committee during the year by Rs. 26, as shewn below which excess is trifling and calls for no remarks.

13 *Accounts.*—The accounts of the Committee's office were kept under the supervision of the Vice-Chairman. These accounts as well as those of the District Engineer's office were audited monthly by the Standing Sub-Committee, consisting of the Vice-Chairman and two other English-knowing members, appointed under the provisions of section 174 of the Act. The accounts were also inspected by the local Auditor in February 1900. The annual accounts have been as usual examined and certified to be correct by the Sub-Committee of Audit under section 179 of the Act, and have subsequently been approved of at a special meeting of the Singhbhum District Road Committee held on the 1st June 1900.

GURU CHARAN ROY, *Road Cess Accountant.*

MOHINI MOHAN GHOSH, *Vice-Chairman, District Road Cess Committee.*

W. B. THOMSON, *Chairman, District Road Cess Committee.*

Abstract of the Report by the Deputy Commissioner, Sonthal Parganas, on the Operations of the District Road Accounts of the district during the year 1899-1900.

[*Vide* letter No. 134P.W., dated the 9th June 1900, from D. H. Kingsford, Esq., C.S., Deputy Commissioner, Sonthal Parganas, to the Commissioner of the Bhagalpur Division and Sonthal Parganas.]

1. Neither the Local Self-Government Act, 1885, nor the Cess Act of 1880 is in force in this district. There is no Road Cess Committee, but all the functions and powers of such a Committee are exercised by the Deputy Commissioner, who carries out works of the District Road Account with the aid of the Subdivisional Officers and the District Engineer.

RECEIPTS.

2. The district not being under the operations of the Cess Act, there were no cess collections, and funds were provided by Government grant-in-aid. The receipts for the year as compared with those of the preceding year are shown below :—

	1898-99.	1899-1900.
	Rs.	Rs.
Balance on 1st April	15,231	50,163
25.—Miscellaneous—		
Fees, fines and forfeitures	398	1

Grant from Government	1,14,537	86,914
Total Revenue ...	1,16,277	87,940
Suspense Accounts—		
Advance	8,500	9,891
Deposits	3,561	2,593
Total, including balance ...	1,43,569	1,50,587

3. The decrease under head "Fees, fines and forfeitures" is due to adjustment made during 1898-99, of a sum of Rs. 387 being the security deposit of a contractor forfeited in 1896, but not heretofore shown in the accounts. The decrease under head "Receipts from staging bungalows" was mainly due to less collections from the Rajmahal dâk bungalow. There were no inspection quarters attached to it, and every officer had to pay rent for his occupation, and therefore the collections from the bunglow fell considerably; but, as inspecting officers found great inconvenience, inspection quarters were provided therein during the year.

4. The receipts under "Grant from Government" include the following items :—

	Rs
Annual grant for district road works	50,000
Ditto for repairs to Imperial civil buildings	411
Ditto ditto to Provincial civil buildings	8,530
Ditto for Public Works Department new works	9,981
Ditto for miscellaneous public improvements in Government estates	17,392
Pay and allowance of a Sub-Overseer to look after Public Works buildings	600
Total ...	86,914

The decrease under this head was due to the following causes :—

(1) During the year 1898-99 grants for miscellaneous public improvements in Government estates were received for two years, viz. 1897-98 and 1898-99, whereas allotment for 1899-1900 only was received during the year.

(2) Smaller grant for original public works were received during the year than the year preceding.

EXPENDITURE.

6. Under orders conveyed in Government No. 47F., of the 8th January 1895, the fund for improvements to Government estates was administered jointly with that of the District Road Account. The increase under all subheads of "3—Land Revenue" was due to the distribution of the surplus balance to different works according to requirements of Subdivisional Officers, as directed by Government. The decrease under head "Administration" was due to the sum of Rs. 196 only having been disbursed during the year on account of the pension allowance of the late District Road Accountant, Babu Umesh Chandra Pal. The decrease under head "Medical" was due to plague chaukidars employed at different railway stations having been entertained during a part only of the year. The increase under head "Stationery and Printing" is due to printing of certain letter forms during the year. The increase under head "Civil Buildings—New Works" was owing to receipt of allotments for certain works at the end of the year 1898-99, which could not be taken in hand during that year, and the bulk of the expenditure on these projects was incurred during the year 1899-1900. The increase of expenditure under head "Civil Buildings—Repairs" is mainly due to quadrennial repairs having been done to several Provincial Civil buildings in this district. The large increase under head "Communications—New Works" was due to funds having been allotted according to requirement as stated before. The increase under head "Communications—Repairs" was partly due to the mending of the damages caused by the flood of September 1899 in the Godda Subdivision, and partly to special repairs done to the Rajmahal and Sahebganj dâk bungalows under Commissioner's orders. The increase under head "Establishment" was due to enhanced rate of travelling allowance paid to subordinates, sanctioned by Commissioner and also to the refund to contractor Mahabeshun Chongdar of his security deposit for Morell bridge, under sanction conveyed in Government Order No. 3286A., dated the 6th July 1899. The expenditure under head "Petty Establishment" increased owing to furnishing anew the Rajmahal and the Sahebganj dâk bungalows. The decrease under head "Tools and Plant" was due to less expenditure during the year. The increase under head "Refund of the unexpended balance of Government contribution" was chiefly due to refund of the unexpended balance of the fixed allotments for the up-keep of Imperial and Provincial Civil Buildings made over to the District Road Account, Sonthal Parganas. In accordance with the instructions

contained in Government No. 5860R.C., dated 20th December 1899, funds were, as far as practicable, allotted to works according to requirements of subdivisions to reduce the heavy balance at the beginning of the year. The abnormal balance at the end of the year was also due to late receipts of certain allotments from Government.

7. The expenditure incurred on all original works during the year was Rs. 42,949 against Rs. 17,883 of the previous year, as shewn below :—

	1898-99.	1899-1900.
	Rs.	Rs.

8. The principal original works executed in the district during the year are enumerated below :—

(*a*) LAND REVENUE.

I.—Construction of a Damin bungalow at Sakrigarh in the Rajmahal subdivision at a cost of Rs. 710.

II.—Extension of the native quarters of Sahebganj town at a cost of Rs. 345.

III.—Completion of the bridge over the Morell stream on the 19th mile of Rajmahal-Pratabpur road at a cost of Rs. 1,530, bringing the total outlay up to date to Rs. 21,717 against the sanctioned estimate of Rs. 21,695.

IV.—Construction of a bridge over the Gumra river in Dumka Damin, on which an expenditure of Rs. 3,842 was incurred during the year.

V.—Constructing a bridge over the Mangra stream in Godda Damin at an outlay of Rs. 989.

VI.—Constructing masonry bridge on Godda-Simlong road at a cost of Rs. 800, making the total up to date Rs. 5,652 against the sanctioned estimate of Rs. 5,920.

(*b*) CIVIL WORKS.

VII.—Improvement of drainage in Dumka Jail, on which a sum of Rs. 1,511 was spent during the year.

VIII.—Extension of the compound wall of Dumka Jail by throwing back the existing eastern wall at an outlay of Rs. 2,383.

IX.—Construction of high level tank, &c, for the water-supply of the distillery at Rajmahal at a cost of Rs. 2,084.

X.—Construction of spiral staircase for the Deputy Commissioner's dwelling-house at Dumka at an outlay of Rs. 200.

XI.—Construction of a first class lock-up at Jamtara, on which an expenditure of Rs. 7,626 was incurred during the year against the sanctioned estimate of Rs. 8,558.

XII.—Construction of two third class mortuaries—one at Deoghur and the other at Godda—at a cost of Rs 450 each.

XIII.—Adding a godown in the Subdivisional Officer's residence at Rajmahal at an outlay of Rs. 425.

XIV.—Provision of glazed shutters to the Subdivisional Court building at Godda at a cost of Rs. 389.

XV.—Provision of iron record-rack to the Subdivisional Court building at Godda, for which a sum of Rs. 929 was expended.

XVI.—Renewal of north verandah roof of Deputy Commissioner's dwelling-house at Dumka at a cost of Rs. 767.

XVII.—Dismantling the existing cook-room of Madhupur dâk bungalow and constructing another instead at an outlay of Rs. 450.

XVIII.—Sinking a well in the second officer's quarters at Godda at an outlay of Rs. 297.

(*c*) COMMUNICATIONS—DISTRICT ROAD ACCOUNT.

XIX.—Completion of the improvement of the Babupur bridge on the 68th mile of Bhagalpur-Suri road, No. 1, at an outlay of Rs. 2,166, making the total expenditure up to date Rs. 3,041 against the sanctioned estimate of Rs. 3,500.

XX.—Construction of masonry culverts on Dumka-Rampurhat road, No. 2, at a cost of Rs 1,808.

XXI.—Completion of the improvement of the main approach road leading to Madhupur staging bungalow, on which a sum of Rs. 95 was spent during the year, bringing the total outlay up to date to Rs. 395 against the sanctioned estimate of Rs. 421.

XXII.—Construction of a culvert on Simra-Boarijore road, No. 30, at a cost of Rs. 480 against the sanctioned estimate of the same amount.

XXIII.—Construction of a bridge on the 13th mile of Deoghur-Nagore road, No. 12, on which a sum of Rs. 1,048 was spent against an estimate of Rs. 1,050.

XXIV.—Construction of a dry rubble parapet wall on the sides of Nangalbhanga, the most steep portion of Dumka-Rampurhat road, No. 2, on which an expenditure of Rs. 180 was incurred during the year against the sanctioned estimate of Rs. 850.

9. The amount spent on all repair works in this district during 1899-1900 as compared with that of the previous year is shewn below:—

	1898-99. Rs.	1899-1900. Rs.

(a) Two miles of these roads are maintained by a zamindar.

All the scheduled district and village roads were repaired during the year, with the exception of Kumarabad road, No. 19, which was as usual maintained by the zamindar of Belpatta. The cost of its maintenance was not accounted for in the district road account.

11. The number of inspection bungalows and huts was the same as reported in the previous year, viz. 24. Of these, two inspection bungalows were maintained by the zamindars; the rest were kept in fair repair, the cost of maintenance being charged to the roads on which they stand.

12. Petty repairs to the District Road Account office building were done at a cost of Rs. 4 only.

13. *Private donation.*—The following roads were repaired during the year out of the balance of the donation of Rs. 6,000 made by Raja Ram Ranjan Chakravarty Bahadur, of Hitampur :—

Name of road.	Amount spent.
	Rs.
Ranibahal-Balenpur	731
Ranigram-Ashanbani	88

A sum of Rs. 149 only was further spent towards the construction of Hahajore irrigation work out of the donation of Rs. 2,500 given by the zamindar of Mahagama, bringing the total outlay to Rs. 2,149 at the end of the year against an estimate of Rs. 2,500.

14. The receipts and expenditure of the three dâk bungalows in this district are compared with those of the preceding year in the following table :—

15. *Provincial and Imperial Funds.*—The Deputy Commissioner hitherto exercised the power of sanctioning all works and repairs up to the limit of Rs. 1,500 and Rs. 2,000, respectively, but under orders conveyed in Government Resolution No. 775E., dated 22nd March 1899, estimates over Rs. 200 are now submitted direct by the District Engineer to Superintending Engineer for sanction. The unexpended balance of fixed allotments for maintenance of Imperial and Provincial Civil buildings, amounting to Rs. 740, was refunded during the year. The table given below will show the allotment, outlay and balance of the funds for maintenance of Public Works Department buildings made over to the District Road Account, Sonthal Parganas :—

A. W. STARK,
For *Offg. Deputy Commissioner,*
Sonthal Parganas.

DUMKA,
The 10th June 1900.

NANILAL MUKERJEE,
District Accountant, Sonthal Parganas.

Abstract of the Report by the Assistant Commissioner, Chittagong Hill Tracts, on the operations of the District Road Accounts of the district during the year 1899-1900.

[*Vide* letter No. 83R., dated 30th April 1900, from J. A. Cave-Browne, Esq., Assistant Commissioner, Chittagong Hill Tracts, to the Commissioner of the Chittagong Division.]

RECEIPTS.

The Chittagong Hill Tracts is a non-cess district; there were no cess collections in it. Funds were therefore provided by a Government grant-in-aid. The following table shows the receipts and expenditure, as well as the opening and closing balances, of the year compared with those of the previous year:—

YEAR.	Opening balance on 1st April.	Actual receipts during the year.	Total receipts, including balances.	Expenditure during the year.	Closing balance on 31st March.
1	2	3	4	5	6
	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.
1898-99	3,986 0 2	32,808 7 8	36,794 7 10	34,802 8 5	1,991 15 5
1899-1900	3,521 15 5	34,378 4 7	37,900 4 0	35,386 13 6	2,513 6 6

The increase in the receipts was mainly due to (1) larger earnings of the Barkal Tramway, (2) the extra grant from Government for the Banderban Hospital, and (3) the payment during the year by the District Board of Chittagong of their annual subsidy of Rs. 500 for the maintenance of the portion of their road lying in the Regulation district for two years 1898-99 and 1899-1900. The receipts of the year included a sum of Rs. 659-4-7, which was credited to the fund as "miscellaneous receipts." It consisted of the following:—

(1) A sum of Rs. 2-2 received from the Divisional Commissioner while on tour on account of the wages of the Sonthal coolies under the District Road Account who were employed in private works by him.

(2) A sum of Rs. 3-5-4 received as the pay of a carpenter employed under the District Road Account, who was lent to the Superintendent of the South Lushai Hills to repair the boats belonging to that district.

(3) A sum of Rs. 648-14-3, being the total earnings during the year of the Barkal Tramway.

(4) Sale-proceeds of unserviceable furniture and tools and plant, &c.

2. The earnings from the Barkal Tramway during the year were comparatively greater than those of the previous year, being Rs. 648-14-3 against Rs. 460-1 of the previous year. The traffic seems evidently to be on the increase.

EXPENDITURE.

3. The expenditure under the several sub-heads, compared with that of the previous year, is shown below:—

SUB-HEADS.	1898-99.	1899-1900.
1	2	3
	Rs. A. P.	Rs. A. P.

Suspense accounts ...	.....	1,000 0 0
Total ...	34,802 8 5	35,386 13 6

4. Of the gross expenditure of Rs. 35,386-13-6 during the year, a sum of Rs. 32,614-6-6 represents the expenditure on public works, which is detailed below:—

Works.	Repairs.	Establishment.	Tools and plant.	Total.	Percentage of the cost of establishment on outlay on works and repairs.
1	2	3	4	5	6
Rs. A. P. 1,075 8 9	Rs. A. P. 24,665 11 9	Rs A. 6,863 11	Rs. A. 9 7	Rs A. P. 32,614 6 6	26·66

5. *Original Works—*

(*a*) *Provincial Civil Buildings.*—A hospital with suitable accommodation for medical stores and indoor patients was constructed at Banderban at a cost of Rs. 1,075-8-9.

(*b*) *Communications.*—No work was undertaken during the year.

6. *Repairs.*—All the buildings (Imperial, Provincial and Local) in the district have been properly repaired with the allotments sanctioned for them.

7. All the roads (Local and Provincial) in the district, including the Tramway at Barkal, were fairly repaired with the amount sanctioned for each Several desirable improvements could not have been done owing to paucity of funds. In accordance with the orders of Government, as conveyed in No. 2540 R.C., dated 22nd May 1899, a saving of Rs. 4,449 was made from the sanctioned grants to meet the credit balance of the year and to keep a sufficient working balance at the end of the year. This necessarily interfered considerably with the efficiency of the works.

8. A cheque for Rs. 1,530 was drawn in March 1899 from the unexpended balance of the estimate sanctioned for repairs to the Public Works buildings in the district during the year 1898-99 to meet the part payment of the purchase money of lot No. 84, which was proposed to be acquired for colonising Sonthals, pending final sanction of Government. But the Government in their No. 5954 R.C., dated 30th December 1899, objected to the procedure, and ordered that the amount should be refunded and credited to the Civil Department. This was done during the year and shown in the accounts under sub-head Refund of unexpended balance of Government contribution.'

9. The District Board of Chittagong did not subscribe their annual subsidy of Rs. 500 on account of maintaining their road lying in the Rangonia Valley for the year 1898-99 within that year, but did so during the year, together with the subsidy for 1899-1900. This amounted to Rs. 1,000. With this sum substantial sawn timber foot-bridges were constructed besides rendering general repairs to the portion of the road.

The Indian Law Reports.

Published under Authority.

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1889 the terms of subscription and sale will be as follows for current issues as well as for back numbers of the reports from 1876:—

JAPAN—SIMONOSEKI STRAIT.

Nagamura—Leading lights established.

THE British Admiralty has given notice (No. 466 of 1901) that, on 1st May 1901, unwatched leading lights for the Northern channel, Simonoseki strait, would be established at Nagamura.

The high light is *red fixed*, elevated 65 feet above high water, and visible from a distance of 13 miles from the bearing of S. 59° W. to S. 69° W.; it is shown from a square wooden tower, 15 feet high, erected on Maruyama, distant about 4½ cables N. 56° E. from the telegraph office, Saho. The light-power is 780 candles.

Approximate position, lat. 33° 57¾′ N., long. 130° 56¾′ E.

The low light is *white fixed*, elevated 40 feet above high water, and visible from a distance of 6 miles; it is shown from an iron conical tower, 46 feet high, and painted white, with masonry base erected on the beach at a distance of about eight-tenths of a cable N. 65° E. from the high light. The light-power is 40 candles.

These two lights in line S. 65° W. lead through the North channel.

(*Variation 4° Westerly in 1901.*)

This Notice affects the following Admiralty Chart:—Simonoseki strait, No. 532: Also, List of Lights, part VI, 1901, page 146; China Sea Directory, vol. IV, 1894, page 429; and Supplement, 1898, page 24.

Danno ura light, re-exhibited.

WITH reference to Notice to Mariners No. 319, dated 7th December 1900, issued by this office, the British Admiralty has given further notice (No. 467 of 1901) that on and after 1st May 1890, Danno ura light (*white fixed*) would be re-exhibited from a tower similar in all respects to the former tower, but erected at a distance of 70 yards N.E. of its former position.

It is elevated 52 feet above high water, and visible from a distance of 6 miles from the bearing of S. 59° W., through west and north, to N. 30° E., and from N. 42° E. to N. 46° E., but obscured in other directions, the last-named arc showing over the fairway to the south-westward; in other respects the light remains unchanged.

Approximate position, lat. 33° 58½′ N., long. 130° 57¾′ E.

NOTE.—This light in line with Kanabuse beacon light (*white fixed*), N. 88° W., leads through Middle channel.

(*Variation 4° Westerly in 1901.*)

This Notice affects the following Admiralty Chart:—Simonoseki strait, No. 532: Also, List of Lights, part VI, 1901, No. 857; China Sea Directory, vol. IV, 1894, page 429; and Supplement, 1898, page 24.

Ice, off Yezo island.

WITH reference to Notice to Mariners No. 158, dated 7th July 1901, issued by this office, the British Admiralty has given further notice (No. 468 of 1901) that further information has been received through the Commander-in-Chief, China, that the British S.S. *Tartar* encountered a large quantity of field and pack ice on 21st March 1901, off the south-east coast of Yezo island, in approximately lat. 42° 48′ N., long. 147° 9′ E.

Also that the S.S. *Ping Suey* encountered ice in this neighbourhood on 18th March 1901 in approximately lat. 43° 42′ N., long. 147° 20′ E.

Both vessels received damage from the ice when passing through the pack.

In consequence of the above reports a pecked line, extending from about 30 miles eastward of Shikotan jima, and following roughly the general trend of the coast to about 40 miles eastward of cape Yerimo, has been placed on the Charts to indicate the area within which field ice may be met with during February, March, and possibly April.

This Notice affects the following Admiralty Charts:—N. W. Pacific ocean, No. 2459; Kuril islands, No. 2405: Also, China Sea Directory, vol. IV, 1894, pages 603, 629, 630.

AUSTRALIA, WEST—KING SOUND APPROACH.

Swan point—Rock reported off—.

THE British Admiralty has given notice (No. 473 of 1901) that information, dated 14th June 1901, has been received from the Board of Trade, that the S.S. *Karrakatta* was wrecked on a rock (now named Karrakatta rock), with a depth of about 2½ fathoms over it, in the approach to King Sound, situated with the northern extremity of the islet off Swan point bearing S. 63° E., distant about three-quarters of a mile, and the western Twin island about N. 23° E.

Approximate position, lat. 16° 19½′ S., long. 123° 2′ E.

CAUTION.—The position of this rock must be considered as approximate; Swan point should be rounded with caution.

NEW ZEALAND, NORTH ISLAND—KAIPARA HARBOUR.

Galatea channel—Decreased depth.

WITH reference to Notice to Mariners No. 61, dated 28th March 1899, issued by this office the British Admiralty has given further notice (No. 456 of 1901) that Tory shoal on the eastern side of the Galatea channel, Kaipara harbour entrance, is extending in a south-westerly direction; the red buoy formerly moored about 1 mile S. 26° E. from North Sand spit extremity has consequently been moved to a position on the leading line, from which North Sand spit bears N. 8° W., distant 9 cables; there is a depth of 3¾ fathoms westward of this buoy.

The North spit also has been gradually extending into the channel to the southward; abreast this spit, on the leading line, there is now a depth of only 4¼ fathoms, the deepest water being to the eastward of the leading line.

Mariners are recommended to keep to the eastward of the leading line of beacons when crossing the bar, and to cross the leading line to the westward when half way between the bar and the outer buoy, and to keep still farther to the westward as the buoys are approached.

As those shoals may extend still more, any signals made from the semaphore or flagstaff on the sand hill at the back of the lighthouse should be promptly obeyed.

Approximate position, present extremity of North spit, lat. 36° 27¾′ S., long. 174° 1′ E.

(*Variation 18° Easterly in 1901.*)

This Notice affects the following Admiralty Chart:—Kaipara harbour, No. 2614: Also New Zealand Pilot (now in press).

Rangoon river—Exhibition of Devil's hole, Choki point, and Western Channel, leading lights.

THE following Notice to Mariners (No. 55 of 1901) issued by the Bombay Government is republished:—

Information has been received from the Port Officer, Rangoon, dated 21st June 1901, that the following leading lights have been established in the Rangoon river:—

Devil's Hole leading lights, three in number, have been placed on the east bank of the Rangoon river a little below the north beacon, the front light being due west of the beacon, one ball red mast 1¼ cables and the rear light 132 feet from it on the line of bearing, which is N. 11° E., and another front light being S. 30° E. two cables from north beacon and the rear light 100 feet from it on the line of bearing, which is S. 61° E.

2. Two leading lights have been placed at Choki Point, the front light being N. 33° W, 1¼ cables from the mouth of the small creek below 'Tide Gauge' and the rear light is 200 feet apart from it, the bearing of leading line being N. 33° W.

3. Western Channel Choki leading lights have been placed on the west bank of the river above D'Silva Point, the front light being due east touching the square board and the rear light 133 feet apart on the line of bearing, which is S. 8° E.

Alteration in position of the Elephant Point Tide Gauge.

The Elephant Point tide gauge has been shifted 1¼ cables S. 13° E. (magnetic) from its former position.

The Fishing Village tide gauge is just above the mouth of the Ta-ti-ki Chaung on the low water line 100 feet below the fish trap just above the creek.

The Crossing Creek tide gauge is 200 feet north of the north point of the crossing creek.

All the tide gauges in the river, with the exception of the Crossing Creek tide gauge, have the same zero, viz., low water spring tides of the dry season.

The zero of the Crossing Creek tide gauge is 8 inches too high and will be corrected.

This Notice affects the Admiralty Chart :—Rangoon River and approaches, No. 833; Bay of Bengal Pilot, 1892, page 325; and List of Lights, Part VI, 1901, page 62.

Neptune island lighthouse.

WITH reference to Notice to Mariners No. 161, dated 20th May last, issued by this office, the President, Marine Board, Port Adelaide, has given notice (No. 18 of 1901) that the proposed light on the South Neptune Island will probably be exhibited about 1st November 1901. The structure will be made of braced wrought iron, painted red, and situated on the highest point of the most Southern Island, in lat. 35° 20′ 10″ S., long. 136° 6′ 45″ E. (approx.). The light is to be of the second order, revolving once in fifty (50) seconds, and showing all round the horizon a group of three (3) white flashes at intervals of ten (10) seconds and an eclipse of thirty (30) seconds; that is to say, the first two flashes and eclipses will occupy ten (10) seconds each, and the third flash and eclipse thirty (30) seconds. Its focal plane will be one hundred and seventy-nine (179) feet above high-water mark, and it will be visible from a vessel's deck for a distance of about twenty (20) miles in clear weather The cottages and stores, which will be built on the north side of the island, are to be composed of granite with roofs of red tiles, and will not be visible from the southern side.

This affects Admiralty Chart No. 2389.

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

ORDERS REGULATING TRAFFIC ON THE STRAND ROAD AND BRIDGE ROAD.

To regulate traffic crossing the Railway line on to Bridge in conjunction with Bridge Police in accordance to orders hereinafter detailed--

No. 1 Beat, Railway crossing.

No. 2 Beat, Strand Bank Road, from Bridge, north, to Mir Bahar Ghat.

One line of carts allowed on both sides of road. Carts loading and unloading must be kept parallel to the road as near to edge as possible. Middle of road to be kept clear.

Between Railway crossing and junction of Harrison Road and Strand Road, carts to be kept in single line to the left of road. When bridge is closed for traffic, carts going west to be drawn up in three lines to left of road, leaving space for quick traffic. On opening of Bridge the quick traffic will first be passed on to the Bridge and then in single line, the three lines of carts standing on Bridge Road beginning from the left. Carts coming off the Bridge will be allowed to pass in single line down the Bridge Road and the Strand Bank Road.

No. 3 Beat, Strand Road and Harrison Road crossings.

The Bridge Police will assist in passing a single line of carts on to the Bridge. The Port Commissioners' Road must be closed except for quick traffic to and from the Ferry Steamer while the Bridge is closed for traffic.

No. 4 Beat, Strand Road and Harrison Road to Mir Bahar Ghat Street.

Carts to remain in single line on either side of road.

No. 5 Beat, from Harrison Road to Raja Oodmunt's Street.

From Canning Street to Harrison Road a line of carts proceeding north to be clear of the tram line in middle of road, openings being left at crossings, gates and at intervals to allow quick traffic to pass through. Quick and passing traffic should pass on the left side of the road, that passing north being on the tram lines.

The road to Armenian Ghat must be kept clear for passenger traffic to and from the Ferry Steamer. Carts may be drawn up in the ghat square, leaving a passage clear, if there is no room in the Port Commissioners' yard.

No. 6 Beat, Raja Oodmunt's Street to Canning Street.
No. 7 Beat, Canning Street to Fairlie Place.

Carts to remain in single line on both sides of the road.

Jetty gates.

The Port Police at the Jetty gates must see that carts issue from the gates only when there is room for them in single line allowed on the Strand Road.

Carts coming into the Strand Road from side-roads must remain in single line on the roads until allowed into the line. A constable detailed from the section concerned will, an hour before the Bridge opens, be placed at each crossing to see that carts are in single line on the side-roads and to see that they fall into line on the Strand Road without confusion when the Bridge opens for traffic and the line of carts begin to move.

Fairlie Place, Clive Ghat Street, Canning, Raja Oodmunt's Street, Harrison Road.

Carts not intending to pass over the Bridge may be allowed to proceed by the side roads while Bridge is closed for traffic.

H. M. KISCH,
Offg. Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 2254L.S.-G.—The 5th August 1901.—The following rules, framed by the Commissioner of the Bhagalpur Division, under section 22 of the Bengal Ferries Act, I (B.C.) of 1885, have been accepted by the Lieutenant-Governor, and are published for general information.

H. M. KISCH,
Offg. Secy. to the Govt. of Bengal.

Rules under section 15, Act I (B.C.) of 1885, for the District of the Sonthal Parganas.

Rule 1.—In these rules the term "Magistrate" includes—

(*a*) the Deputy Commissioner of the Sonthal Parganas and any Magistrate subordinate to him and appointed by him in that behalf.

Rule 2.—Every public ferry in the district of the Sonthal Parganas shall either be held khas by the Magistrate, or be leased by public auction.

Rules for the Management of Public Ferries held Khas.

Rule 3.—For every public ferry which is held khas, the Magistrate shall from time to time—

(*a*) provide such boats, landing-stages, rest-houses, and other appliances as he shall think proper;

(*b*) appoint a suitable person to superintend the plying of the ferry, provide and pay boatmen, receive the authorised tolls, and remit the same to the treasury;

(*c*) fix, with the approval of the Commissioner, the tolls to be levied from persons using the ferry;

(*d*) cause a schedule of such tolls, legibly written in the vernacular, to be fixed up on both landing-stages;

(*e*) determine the maximum number of passengers, animals, carts, vehicles, and goods which each ferry-boat shall carry, and cause a notice to this effect to be affixed to each boat;

(*f*) determine the hours within which the boats shall ply, and the minimum number of journeys to be made every day;

(*g*) provide for the prompt conveyance of the mails at all times across the ferry.

Rule 4.—Any person may compound for tolls payable for the use of the ferry; and if the ferry should be closed before the expiry of the period for which such person has compounded for tolls payable for its use, he shall be entitled to a refund, the amount of which shall bear the same proportion to the whole sum paid by him as the period remaining bears to the whole period for which he compounded. Such refund shall be made under the orders of the Magistrate.

Rules for leasing out Ferries.

Rule 5.—When it has been determined to lease the tolls of any public ferry by auction, under section 9 of Act I (B C) of 1885, the Magistrate shall, at least 15 days before the auction is held, cause an advertisement of such auction to be published, both in English and in the vernacular, in such place and in such manner as to him shall seem expedient.

Rule 6.—The advertisement shall specify—

(*a*) the time and place of the sale;

(*b*) the period for which the ferry is to be leased, and the dates between which the lessee shall be bound to ply the ferry every year;

(*c*) the number and description of the boats to be maintained, the strength of the crew to be employed on each, and the maximum number of passengers, animals, vehicles, and the bulk or weight of goods each is authorised to carry;

(*d*) the liability or otherwise of the lessee to provide the boats and to keep them in repair;

(*e*) the liability or otherwise of the lessee to provide and keep in order the landing-stages, and the rest-houses or travellers' sheds, if any, at either or both termini of the crossing;

(*f*) the minimum number of crossings to be made daily at any particular season of the year;

(*g*) the rate of tolls to be levied;

(*h*) the persons and things to be ferried over free of toll as provided in rule 14;

(*i*) the instalments in which the rent for the ferry is to be paid; and

(*j*) such other particulars as the Magistrate shall consider necessary.

Rule 7.—A copy of the advertisement and of the rules and the form of agreement required to be executed under section 9 of the Act shall be posted up in a conspicuous place in the Magistrate's office, and shall be duly notified on the day of the auction.

Rule 8.—On the day of the auction the lessee, to whom the ferry has been knocked down, shall deposit Rs. as security for the due fulfilment by him of the conditions of his lease. This deposit may, however, at the discretion of the Magistrate, be dispensed with in the case of small ferries in which boats or canoes are not provided by Government.

Rule 9.—In cases in which the ferry is leased for only a year, or part of a year, the lessee shall be held liable for the rent for the entire period the moment the ferry has been knocked down to him. In cases in which the ferry is leased for a number of years, the liability for each year's rent shall accrue from the first day of the year.

Rule 10.—The contract which the lessee will be required to execute under section 9 of the Act shall be in the form appended to these rules.

Rule 11.—As soon as possible after the contract has been executed by the lessee, the Magistrate shall furnish him, free of charge, with a copy of these rules, a list of the authorised tolls duly signed under section 19 of the Act, and two notice-boards having written on them legibly in the vernacular the schedule of tolls applicable to the ferry, the number of boats which the lessee is bound to keep plying, the number of men by whom each boat is to be manned, and the maximum number of passengers, &c., each boat is allowed to carry. The notice-boards shall be fixed by the lessee in a conspicuous place at both ends of the ferry, and shall be kept by him in a proper condition. On the expiry of his lease, they shall be returned by him to the Magistrate.

Rules for the Management of Ferries leased by Public Auction and for regulating their Traffic.

Rule 12.—The lessee shall be bound to ferry over diligently, carefully, and with the least possible delay, all passengers, vehicles, animals and goods which may come to the ferry ghat to be ferried over.

Rule 13.—The rate of tolls to be levied shall be those fixed by the Magistrate, with the approval of the Commissioner, under section 18 of the Act.

Rule 14.—The lessee shall not charge or demand tolls for ferrying over—

(*a*) Mails, mail-carts, dâk-runners, and Government telegraph messengers on duty.

(*b*) Commissariat stores, animals, and vehicles, when accompanied by a challan from the Commissariat officer.

(*c*) Persons or property mentioned in section 3* of the Indian Tolls (Army) Act, 1901.

(*d*) Police and other public officers and process-serving peons when travelling on duty with their *bond fide* baggage, horses, palkies or other conveyances.

(*e*) Executive officers of the District Road Department when travelling on duty.

(*f*) Coolies engaged in repairing roads, with their tools and instruments.

(*g*) Persons carrying dead bodies or property sent in by the police.

Rule 15.—The lessee shall not charge or demand tolls from persons who wade or swim across, or take cattle or other animals or property across at their own cost and risk, or from persons who cross themselves, or take other persons across without charge, in their own boats.

Rule 16.—The ferry shall ordinarily ply between sunrise and sunset; but the lessee may employ the boats in ferrying passengers across at any time after sunset, provided each boat so employed carries a light, which must be displayed in a conspicuous part of the boat.

Rule 17.—The Magistrate may, if necessary, fix the times for the crossing of the mail and dâk-runners, and may, as occasion arises, vary such times. He shall in all such cases give notice in writing to the lessee of the times at which the mails are to be ferried over, and it shall thereupon become the duty of the lessee to see that arrangements are specially made for the crossing of the mails immediately on their arrival at the ferry ghat, and that no delay is allowed to occur in their transit.

Rule 18.—The lessee shall provide and keep in proper order, to the satisfaction of the Magistrate, the landing-stages on both sides of the ferry, and shall move them when necessary according to the rise and fall of the water. He shall also provide proper rest-houses or travellers' sheds on the banks of the ferry as required by the Magistrate, and shall make all proper arrangements and provide all suitable accommodation on the ferry-boats for passenger and goods traffic.

Rule 19.—The lessee shall mark on each boat the number of passengers, animals and vehicles, and the bulk and weight of other things it is authorised to carry at a single trip.

Rule 20.—When any ferry which has been leased for a given period is discontinued under the orders of the Magistrate before the expiry of that period, the lessee shall be allowed a deduction in the rent payable for the unexpired portion of the term of the lease. If it be shown to the satisfaction of the Magistrate that the lessee has suffered any loss, consequent on the discontinuance of the ferry, the Magistrate may allow him such compensation as he thinks is deserved.

Rule 21.—In the event of the ferry being discontinued before the expiry of the lease, either by order of the Magistrate or otherwise, all persons who have compounded for the tolls for its use shall be entitled to receive a refund calculated as in rule 4, and unless the claims of all such persons have been satisfied by the lessee, the Magistrate shall have authority to satisfy the claims out of the deposit made by the lessee under rule 8.

Rule 22.—The lessee shall, when required by the Magistrate to do so, but not otherwise, furnish all information in his power regarding suspicious persons or classes of persons who may have been, or may come to be, ferried over.

Rule 23.—The lessee shall be bound to furnish such return of traffic as may from time to time be called for by the Magistrate, and for this purpose he shall keep up a register of traffic in the form to be prescribed by the Magistrate.

Rule 24.—If the lessee desires to establish communication across the ferry by means of a bridge of any kind, he shall first obtain the sanction, in writing, of the Magistrate, and shall, on obtaining such sanction, carry out any orders which the Magistrate may make regarding the opening of such bridge for the through passage of vessels and rafts. Such bridge shall on no account obstruct the free passage of the stream.

Rule 25.—The Magistrate may at any time require the lessee to repair or replace any boat which he considers to be in a dangerous state of disrepair, and the lessee shall thereupon be bound to repair or replace it as directed.

Rule 26.—Police officers will report at once any instance of mismanagement of a public ferry, the insecurity of the boats, landing-stages, slopes or approaches, and any other defect in the working of the ferry, which may come to their notice.

Rule 27.—The ferry-boats belonging to any public ferry shall not be plied when the current, wind or state of the weather is such as to render the crossing unsafe and endanger the lives of the passengers.

Rule 28.—A register in the following form, showing the demand and collection on account of rents payable for tolls of public ferries, shall be kept up by the Magistrate:—

Receipts on account of ferry , farmed by , at an annual rent of Rs.

[*Signature of officer holding sales.*]

Serial number.	Details of payment.	Amount.	Payment.					Remarks.
			Amount.	Date.	Number of chalan.	Initials of Magistrate or Vice-Chairman.	Initials of Treasury Officer.

(*c*) Persons or property mentioned in section 3* of the Indian Tolls (Army) Act, 1901.

---

*Section 3 of the Indian Tolls (Army) Act :

"The following persons and property, namely :—

(*a*) all officers and soldiers of—
(i) His Majesty's Regular Forces,
(ii) any local corps, or
(iii) Imperial Service Troops,
when on duty or on the march,

(*b*) all members of a corps of Volunteers when on duty or when proceeding to or returning from duty,

(*c*) all officers and soldiers of the Indian Reserve Forces when proceeding from their place of residence on being called out for training or service, or when proceeding back to their place of residence after such training or service,

(*d*) all grass-cutters when employed in the service of—
(i) His Majesty's Regular Forces,
(ii) any local corps,
(iii) Imperial Service Troops, or
(iv) any corps of Volunteers,

(*e*) all other authorised followers of—
(i) His Majesty's Regular Forces,
(ii) any local corps,
(iii) Imperial Service Troops, or
(iv) any corps of Volunteers,
when they accompany any body of such Forces, Troops or Volunteers or any members of such corps on the march, or when they are otherwise moving under the orders of military authority,

(*f*) all members of the families of officers, soldiers or authorised followers of—
(i) His Majesty's Regular Forces, or
(ii) any local corps,
when accompanying any body of troops, or any officer, soldier or authorised follower thereof on duty or on the march,

(*g*) all prisoners under military escort,

(*h*) the horses and baggage, and the persons (if any) employed in carrying the baggage of any persons exempted under any of the foregoing clauses, when such horses, baggage or persons accompany the persons so exempted under the circumstances mentioned in those clauses respectively,

(*i*) all carriages and horses belonging to His Majesty or employed in His Majesty's military service and all persons in charge of or accompanying the same, when conveying any such persons as hereinbefore in this section mentioned or when conveying baggage or stores, or when returning unladen from conveying such persons, baggage or stores,

(*j*) all carriages and horses, when moving under the orders of military authority for the purpose of being employed in His Majesty's military service,

(*k*) all animals accompanying any body of troops which are intended to be slaughtered for food or kept for any purpose connected with the provisioning of such troops, and

(*l*) all persons in charge of any carriage, horse or animal exempted under any of the foregoing clauses when accompanying the same under the circumstances mentioned in those clauses respectively,

shall be exempted from payment of any tolls—
(i) on embarking or disembarking, or on being shipped or landed, from or upon any landing-place, or
(ii) in passing along or over any turnpike or other road or bridge, or
(iii) on being carried by means of any ferry,

otherwise demandable by virtue of any Act, Ordinance, Regulation, order or direction of any Legislature or other public authority in British India :

Provided that nothing in this section shall exempt any boats, barges or other vessels employed in conveying the said persons or property along any canal from payment of tolls in like manner as other boats, barges, and vessels."

(*d*) Police and other public officers and process-serving peons when travelling on duty with their *bond fide* baggage, horses, palkies, or other conveyances.

(*e*) Executive officers of the District Road Department when travelling on duty.

(*f*) Coolies engaged in repairing roads with their tools and instruments.

(*g*) Persons carrying dead bodies or property sent in by the police.

6. I shall not charge or demand tolls from persons who wade or swim across, or take cattle or other animals or property across at their own cost and risk, or from persons who cross themselves, or take other persons across without charge, in their own boats.

7. I hereby agree to pay the rent in the following instalments:—

	Rs. A. P.	Date.
1st		
2nd		
3rd		
4th		

But if at any time before the expiry of the period for which the ferry has been leased to me I be removed therefrom for any breach of the terms and conditions of the lease, or for any wilful breach of any of the rules under section 15 of the Act, I shall be liable to pay rent up to and including the instalment due next after my removal.

8. If the rates of toll are reduced during the currency of my lease, or the exemptions from the payment of it are extended, this agreement is to be modified accordingly. I shall be given a fair opportunity of satisfying the Magistrate as to the effect of the change, and if the terms proposed by him thereafter are not such as I can reasonably accept, I will, according to the law, immediately carry into effect the order reducing the rates of toll, or extending the exemption from payment of it, but will at the same time state the amount of rent I may be willing to pay under the altered circumstances of the case. Should my offer appear to the Magistrate to be inadequate, it shall be competent to him to remove me, and place another person in charge of the ferry, and for such time as I remain in charge of the ferry after the issue of the order reducing the rates of tolls, or extending the exemption from payment of it, I shall pay rent only at the rate tendered by me.

9. If I make default in the payment of the rent for the ferry, or of any penalty which may be lawfully imposed, or if I do not observe and perform the covenants herein contained, it shall be lawful for the Magistrate to remove me from the charge of the ferry, and to settle the same with some other person. After such removal, I shall not be entitled to any part of the proceeds of the ferry or to levy any toll therefor. And if the rent on reletting the ferry fall short of the amount at which it was leased to me, and the Government thereby incur loss, I shall be held responsible for such difference or loss, the amount of which may be deducted from my deposit. If the deposit does not cover the loss incurred, the rent due from me, and the amount of tolls refunded by the Magistrate under rule 21 of the rules under section 15 of the Act, the total amount which is deficient shall be recoverable in the manner set forth in section 12 of the Act.

10. I will not assign, sublet or part with the possession of the ferry without the previous consent, in writing, of the Magistrate.

11. I shall not claim any compensation on account of roads being closed for repairs, or on account of inundations, or the breaking down of bridges.

1st.—Each estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them, subject to the revenue fixed in perpetuity.

2nd.—The sales to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and the purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of the original sale.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate, situate in the district of Darbhanga, will be put up for sale at the Darbhanga Collectorate on the 24th September 1901, corresponding with 26th Bhado 1308 Fusli. The purchasers will be subject to the following conditions of sale:—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchaser of the estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.

2nd.—The lease to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchaser to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

Nagamura—Leading lights established.

THE British Admiralty has given notice (No. 466 of 1901) that, on 1st May 1901, unwatched leading lights for the Northern channel, Simonoseki strait, would be established at Nagamura.

The high light is *red fixed*, elevated 65 feet above high water, and visible from a distance of 13 miles from the bearing of S. 59° W. to S. 69° W.; it is shown from a square wooden tower, 15 feet high, erected on Maruyama, distant about 4½ cables N. 56° E. from the telegraph office, Saho. The light-power is 780 candles.

Approximate position, lat. 33° 57¾′ N., long. 130° 56¾′ E.

The low light is *white fixed*, elevated 40 feet above high water, and visible from a distance of 6 miles; it is shown from an iron conical tower, 46 feet high, and painted white,

with masonry base erected on the beach at a distance of about eight-tenths of a cable N. 65° E. from the high light. The light-power is 40 candles.

These two lights in line S. 65° W. lead through the North channel.

Ice, off Yezo island.

WITH reference to Notice to Mariners No. 158, dated 7th July 1901, issued by this office, the British Admiralty has given further notice (No. 468 of 1901) that further information has been received through the Commander-in-Chief, China, that the British S.S. *Tartar* encountered a large quantity of field and pack ice on 21st March 1901, off the south-east coast of Yezo island, in approximately lat. 42° 48′ N., long. 147° 9′ E.

Also that the S.S. *Ping Suey* encountered ice in this neighbourhood on 18th March 1901 in approximately lat. 43° 42′ N., long. 147° 20′ E.

Both vessels received damage from the ice when passing through the pack.

In consequence of the above reports a pecked line, extending from about 30 miles eastward of Shikotan jima, and following roughly the general trend of the coast to about 40 miles eastward of cape Yerimo, has been placed on the Charts to indicate the area within which field ice may be met with during February, March, and possibly April.

This Notice affects the following Admiralty Charts:—N. W. Pacific ocean, No. 2459; Kuril islands, No. 2405: Also, China Sea Directory, vol. IV, 1894, pages 603, 629, 630.

Swan point—Rock reported off—.

THE British Admiralty has given notice (No. 473 of 1901) that information, dated 14th June 1901, has been received from the Board of Trade, that the S.S. *Karrakatta* was wrecked on a rock (now named Karrakatta rock), with a depth of about 2½ fathoms over it, in the approach to King Sound, situated with the northern extremity of the islet off Swan point bearing S. 63° E., distant about three-quarters of a mile, and the western Twin island about N. 23° E.

Approximate position, lat. 16° 19½′ S., long. 123° 2′ E.

CAUTION.—The position of this rock must be considered as approximate; Swan point should be rounded with caution.

NEW ZEALAND, NORTH ISLAND—KAIPARA HARBOUR.

Galatea channel—Decreased depth.

WITH reference to Notice to Mariners No. 61, dated 28th March 1899, issued by this office the British Admiralty has given further notice (No. 456 of 1901) that Tory shoal on the eastern side of the Galatea channel, Kaipara harbour entrance, is extending in a south-westerly direction; the red buoy formerly moored about 1 mile S. 26° E. from North Sand spit extremity has consequently been moved to a position on the leading line, from which North Sand spit bears N. 8° W., distant 9 cables; there is a depth of 3¾ fathoms westward of this buoy.

The North spit also has been gradually extending into the channel to the southward; abreast this spit, on the leading line, there is now a depth of only 4½ fathoms, the deepest water being to the eastward of the leading line.

Mariners are recommended to keep to the eastward of the leading line of beacons when crossing the bar, and to cross the leading line to the westward when half way between the bar and the outer buoy, and to keep still farther to the westward as the buoys are approached.

As those shoals may extend still more, any signals made from the semaphore or flagstaff on the sand hill at the back of the lighthouse should be promptly obeyed.

Approximate position, present extremity of North spit, lat. 36° 27½′ S., long. 174° 1′ E.

A statement showing the receipts and expenditure of the Fire Brigade is annexed to this report. The year opened with a balance of Rs. 9,526-4-9. The receipts amounted to Rs. 84,224-8. The total expenditure during the year amounted to Rs. 74,000-8-10, leaving a balance of Rs. 19,750-3-11 at the close of the year. The large balance is mainly due to the fact that the new fire engine, estimated to cost Rs. 12,800, was not paid for during the year. Deducting the sum from the budget allotment of Rs. 86,061, the balance amounts to Rs. 73,261 against an expenditure of Rs. 74,000-8-10, or an excess of Rs. 739-8-10. Excess expenditure has been incurred in leave allowance to the Chief Engineer (Rs. 1,100), in exchange compensation (Rs. 478), in the feed and keep of horses caused by high price of food (Rs. 1,398), in pension charges (Rs. 400), and in cost of coal, &c. (Rs. 798), while there has been a decrease in establishment and other charges.

3. The following table gives the number of fires and the way they were dealt with:—

Description of fires.	Number of fires.	Number of fires attended by Fire Brigade.	Number of fires extinguished by residents.	Number of fires attended by Port Fire Engines.	Remarks.
1	2	3	4	5	6
Fires at which property destroyed valued at Rs. 50 or more.	35	26	4	5*	*Fire Brigade also attended two of these fires.
Fires at which property destroyed valued at less than Rs. 50.	58	27	31	...	

4. Seven of these fires occurred in buildings licensed under Act I of 1893 and Act I of 1894 in which property to the total value of Rs. 6,84,950 was destroyed.

5. The total estimated value of property destroyed by fire was Rs. 8,80,265-10 against Rs. 3,97,738-7, the value of the property destroyed in 1899-1900.

6. Five coolies died in the Medical College Hospital from the effects of injuries received at a fire on the 5th May 1900. Two Chinamen were drowned while escaping from the ship *Telena* which caught fire in the Port Commissioners' Docks, and six persons (one European and five natives) lost their lives at a fire in the Sibpur Jute Mills.

7. The following were the most serious fires:—

(*a*) On 14th April 1900 in the Sibpur Jute Mills. Loss Rs. 3,00,000, pucka godown containing jute. Duration of fire 47 hours and 30 minutes. In this fire six persons lost their lives.

(*b*) On 23rd November 1900 at the Kidderpore Docks on board the S.S. *Telena* and S.S. *Croydon* and in the Port Commissioners' Coal Jetties. Loss Rs. 1,60,000. Duration of fire 5 hours

and 30 minutes. Two Chinamen were drowned while escaping from the ship *Telena*.

(*c*) On 2nd December 1900 at the Chitpore Hydraulic Jute Press. Loss Rs 24,000, jute. Duration of fire 7 hours and 40 minutes.

(*d*) On 8th December 1900 at Howrah Road, Sulkea, at the West Hydraulic Press. Loss Rs. 1,50,000, jute, godowns, &c. Duration of fire 5 hours and 25 minutes.

(*e*) On 17th February 1901 at the Strand Bank Press in Kali Singhi's Lane. Loss Rs. 2,08,000, three godowns containing jute and cotton. Duration of fire 13 hours and 30 minutes.

(*f*) On 30th March 1901 at the Kidderpore Docks on board the S.S. *Spithead*. Loss Rs. 22,378, jute and damages to ship. Duration of fire 4 hours.

8. Ten licenses were granted under section 36 of Act I of 1893 for letting off fireworks, rockets, &c. None of the licenses were suspended under section 37 of the Act.

9. Thirteen prosecutions were instituted under the Indian Explosives Act, IV of 1884, for manufacturing and selling fireworks without licenses. In 12 cases the accused were convicted and fined, one person was acquitted.

ANNUAL REPORT ON THE GOVERNMENT CINCHONA PLANTATION AND FACTORY IN BENGAL FOR THE YEAR 1900-1901.

No. 770., dated Royal Botanic Garden, Sibpur, the 18th June 1901.

From—MAJOR D. PRAIN, M.B., LL.D., I.M.S., Superintendent, Royal Botanic Garden, Calcutta, and of Cinchona Cultivation in Bengal, and Government Quinologist,

To—The Secretary to the Government of Bengal, Financial Department.

I HAVE the honour to submit the report of the Cinchona Plantation and Factory for the official year 1900-1901.

Thirty-ninth Annual Report of the Government Cinchona plantation in Sikkim, being that for the financial year 1900-1901, and also the Report of the Factory for the same year, by MAJOR D. PRAIN, I.M.S., *Superintendent of the Royal Botanic Garden, Calcutta, and of Cinchona Cultivation in Bengal, and Government Quinologist.*

1. *Weather and general.*—The weather conditions during the year under review have been normal. The recorded rainfall amounted to 126·23 inches as against an average for the preceding 26 years of 122·89 inches. The heaviest rainfall in one day, 11·31 inches occurred on 7th September 1900, but no landships took place on the plantation nor was any particular damage done to the roads by this heavy fall. The season has not, on the whole, been unfavourable to the growth of Cinchona, but the damage done by the long period of wet and cloudy weather which characterised the season 1899-1900 is still manifest in the unsatisfactory condition of the extensions put out during that season.

2. *Changes in the plantation.*—The alterations that have to be made in the plantation returns for the year have been as follows:—

On the main section of the plantation 280,214 trees have been uprooted; of these 265,610 were taken from the Mungpoo Division and 14,604 from the Sittong Subdivision. The trees uprooted consisted chiefly of yellow bark (*Ledgeriana*) trees of which 224,968 were taken; of hybrid trees 53,872 were utilized; of red bark (*Succirubra*) trees only 1,374 were uprooted. On the main section of the plantation, in the Mungpoo and Labdah Divisions, 81·16 acres of Ledgeriana (yellow) and 1·93 acres of Succirubra (red) have been planted and the vacancies in the 1898-99 extensions have been filled in. The very numerous vacancies due to the extremely unfavourable weather of the preceding year, in the 1899-1900 extensions will have to be filled in during the ensuing season, and in consequence of this it has been decided to limit the extensions of yellow bark on the main section for that year to about 50 acres, with in addition about 10 acres of hybrid bark trees on the Sittong Division. On this division no planting has been done during the year under review; as the division has proved wholly unsuitable for yellow (*Calisaya*) bark this kind will not in future be put out on Sittong. Although the area to be planted out next year under this arrangement will be less than the area of this year's extensions, the number of new plants will not be appreciably, if at all, diminished, as it has been decided to revert to the system of close planting that previously prevailed on the plantation. On the out-section of the plantation at Munsong 103·17 acres of *Ledgeriana* (yellow) bark have been planted: in intervening patches of land unsuitable for *Ledgeriana* 25·17 acres of *succirubra* (red) bark have been put out. The nurseries were brought on as early as possible to admit of the extensions being completed before the close of the financial year. This has been successfully accomplished and the tables that refer to the season's operations are complete, a fact that says much for the energy of the Deputy Superintendent, Mr. Pantling, and of the assistant in charge of the Munsong Division, Mr. Green. The necessary arrangements for planting 100 acres of Ledgeriana with, possibly, 10 acres of Succirubra at Munsong during the ensuing season have also been made during the year under review. The

total number of young plants put out both at the home and out-sections of the plantation during the year have been as follows:—

	Home section, Mungpoo and Labdah Divisions.	Out-section, Munsong Divisions.	Total.
1	2	3	4
Succirubra ...	3,375	30,458	33,833
Ledgeriana ...	144,318	278,226	422,544
Total ...	147,693	308,684	456,377

The nursery stock of seedlings on 31st March stood at 60,000; an increase of 13,000 Succirubra and a decrease of 2,080 hybrid and 97,000 Ledgeriana plants, the last mentioned decrease being a satisfactory index of the advanced state of planting operations for the season already alluded to. The total number of plants estimated, as remaining on the whole plantation on 31st March 1901, is 2,383,528 distributed among the undernoted kinds:—

Hybrid	...	...	...	496,169
Succirubra	...	...	...	209,500
Ledgeriana	...	...	...	1,675,729
Officinalis	...	...	...	2,130
		Total	...	2,383,528

The new bungalow for the assistant in charge of the Munsong Division has been completed and occupied. The out-houses have, however, still only temporary roofs, owing to the non-arrival during the year of the necessary material from England.

3. *The year's crop.*—As in preceding seasons the bark taken has been mainly harvested from sickly trees throughout the plantation. The total quantity of dry bark harvested was 198,023lbs. distributed among the undernoted kinds:—

				lbs.
Hybrid	...	...	...	35,915
Ledgeriana	...	...	...	157,984
Succirubra	...	...	...	4,124
		Total	...	198,023

During the year 132,476½lbs. of bark were purchased at a total cost of Rs. 29,981-2-5 out of the reduced grant of Rs. 30,000 allotted for this specific purpose. Except for 54 lbs of bark issued to the Government Medical Depôt at Calcutta, and 768 lbs sold to Government Officers and the public, the whole of the bark obtained during the year was taken into store at Mungpoo on behalf of the Government Quinologist to be used in the Factory.

4. *Plantation expenditure.*—The Budget allotment for the Plantation for the year was Rs. 79,480; being Rs. 67,536 for the main section and Rs. 11,944 for the new out-section at Munsong, the accounts for which are kept separately. The total expenditure for the year was Rs. 69,193-5-6; being Rs. 57,362-2-3. for the main section and Rs. 11,831-3-3 for the Munsong Division. The allotment for Munsong was thus, except for a small saving of Rs. 112-12-9 for contingencies, spent practically in full. The net savings on the original allotment has amounted to Rs. 10,286-10-6. Of this sum Rs. 5,021-9 7 or about one-half, forms a saving on salaries of European Assistants. The remaining half is chiefly accounted for by a saving of Rs. 3,636-11-0 under Temporary establishment for Plantation, with smaller savings of Rs. 825-14-6 under

Native establishment for Plantation, Rs. 544-14-3 under Stores, and Rs. 144-12-5 under Contingencies. The details of the plantation expenditure are given in the following table:—

Plantation Expenditure.

Contingencies, &c.	3,886	9	6			
				11,831	3	3
Total				69,193	5	6

5. *Factory.*—The expenditure on the Factory amounted to Rs. 87,368-3; this amount however, includes the sum of Rs. 29,981-2-5 spent on the purchase, and Rs. 1,354-9-3 spent on the carriage of Cinchona Bark. The total Budget allotment for the Factory for 1900-1901 was Rs. 87,880, so that except for a small saving of Rs. 511-13 (mainly under the heading of Laboratory and Manufactory expenses) it has been possible to expend the allotment to the benefit of the department practically in full. This has been possible owing to Government having sanctioned the expenditure of sums that would otherwise have had to be shown as savings; but that, as has been explained in previous reports, are not real savings in making some necessary alterations in the factory plant. The opportunity for undertaking this was otherwise highly favourable, the unusually small demands for the manufactured articles during 1899-1900 having left a considerable quantity both of Quinine and Febrifuge in stock at the opening of the year, thus permitting the possibility of facing any unavoidable reduction of out-put that the alterations might entail. The raw material worked up in the Factory during the year consisted of 72,400 lbs of mixed Succirubra and hybrid barks from which 2,488 lbs of Cinchona Febrifuge were produced and 256,969½ lbs of yellow bark from which 7,347 lbs of Sulphate of Quinine were obtained, the percentages being 3·38 and 2·85, respectively. The total quantity of bark dealt with was 177,968½ lbs less than last year, and the total outturn was 9,835 lbs or a decrease of 3,010½ lbs as compared with last year. This, the one unsatisfactory feature of the year's working, was not wholly due to the new methods adopted in the factory during the year. At the commencement of the financial year, owing to a difficulty in getting up a new supply of oil, the factory was shut down for 4 weeks and a half from April 1st till May 2nd 1900; later on in the year trouble was also given by the turbine which drives the disintegrators. This necessitated the urgent supply of a new turbine wheel from England and involved, until that arrived, diminished working power in the Grinding house. The combination of circumstances that has led to this diminished out-put from the factory is not at all likely to recur, and every effort is being made to increase the out-put very materially during the coming year.

6. *Sales of manufactured articles.*—The issues of Quinine during the year amounted to 11,007 lbs as against 7,725¾ lbs issued during 1899-1900, and

8,766½ lbs issued during 1898-99, even slightly exceeding the issues of the year 1897-98, which reached 10,939 lbs. The increase is chiefly accounted for by greater demands on the part of the Government Medical Depôts; that at Calcutta having taken 1,269 lbs and that of Mian Mir having taken 565 lbs in excess of the requirements of the previous year. At the same time a very substantial increase of 900 lbs took place in the requirements of the Inspector-General of Jails, Bengal, for conversion into 5 grain packets under the pice-packet system, and a smaller increase of 538 lbs occurred in the demands of Government Officers. The issues of Cinchona Febrifuge also exceeded those of 1899-1900 by 1,049 lbs. Of this increase 800 lbs is due to increased demands on the part of the Medical Depôts. Neither the Inspector-General of Civil Hospitals nor the Inspector-General of Jails, Bengal, has this year required any Cinchona Febrifuge for district medical officers or for Jails and lock-ups in Bengal, but the demand on the part of the general public for this article has risen from 2,524 lbs to 2,803 lbs, an increase of 279 lbs. Details of the issues of both Sulphate of Quinine and Cinchona Febrifuge are given in the following table. The details of distribution by provinces are shown in Appendix F.

7. *Stock account*.—The stock of dry bark at the opening of the year stood at 1,488,234 lbs. During the year 198,023 lbs. were harvested on the plantations and 132,476½ lbs. were purchased. The stock of dry bark in hand on 31st March 1901 was 1,488,542 lbs., being practically the same as at the opening of the year. The calculation is as follows:—

The stock of manufactured products held at the close of the year amounted to 2,781 lbs. of cinchona febrifuge and 2,740 lbs. 6 oz. of sulphate of quinine. There was also in stock at the end of the year a quantity of chemicals and stores. The close of the financial year having shown a slightly downward tendency in the market value of cinchona bark, the stock of that article has been estimated at a rate rather lower than that of last year. The value of the manufactured articles in stock has been taken at last year's rates.

The surplus on the year's working, after providing for an expenditure of Rs. 11,831-3-3 on the newly opened extension of the plantation at Munsong and an expenditure of Rs. 9,778-5-6 on improvements in the factory plant, amounts to Rs. 9,541-5-5, which may, I hope, be considered satisfactory.

9. *Sale of quinine at post offices.*—A very considerable increase took place in the demand for quinine for this purpose during the year; 3,400lbs. were taken for this purpose as against 2,500lbs. taken during 1899-1900.

10. *Land rent.*—The sum of Rs. 3,337-3-6 was collected from settlers within the cinchona reserve during the year on account of land rent and grazing dues. This sum was paid into the Darjeeling Treasury in the usual way, no credit being taken for it in the plantation accounts.

11. *Staff.*—The Superintendent and the Deputy Superintendent were in charge of their respective posts throughout the year. The first assistant, Mr. J. Parkes, proceeded to Europe on furlough on 20th March 1900, returning to duty on 20th December 1900. The second assistant, Mr. A. C Hartless, proceeded on deputation to act as Curator of the Lloyd Botanic Garden,

Darjeeling, with effect from 5th April 1900 in place of the permanent incumbent of that post who had availed himself of furlough to Europe. Mr. Hartless was still absent on deputation at the close of the year. In consequence of these movements Mr. Cave, third assistant, acted as first assistant during the absence of Mr. Parkes, Mr. Hemsley, fourth assistant, acted as second assistant, the duties of third assistant were performed by the Deputy Superintendent in addition to his own, and Mr. H. F. Green, Probationer Garden, attached to the Royal Botanic Garden, Calcutta, was deputed to act as fourth assistant with effect from 22nd May 1900. On the resumption of his duties by Mr. Parkes on 20th December 1900, the third assistant was appointed to act as second assistant, and the fourth assistant relieved the Deputy Superintendent of the duties of third assistant. The work of the Deputy Superintendent has again been carried out in a very enthusiastic manner and all the other officers have worked well.

12. In the nine tabular statements that are appended to this report will be found full information as to the details of the working both of the plantation and of the factory for the year.

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

o, overcast; t, thunder; p, passing temporary showers; d, drizzling rain.

FINANCIAL DEPARTMENT.

NOTIFICATION—No. 4321S.R.

The 9th August 1901.—In exercise of the powers conferred on him by sections 27 and 34 of the Court Fees Act, VII of 1870, as amended by subsequent enactments, the Lieutenant-Governor is pleased to make the following additions to and alterations in the rules, published under Notification No. 2684S.R., dated 1st August 1893, at pages 671-76, Part I, of the *Calcutta Gazette* of the 2nd idem:—

The following rules to be inserted after rule 1:—

1(*a*) The Treasurer at the head-quarters of a district, and at subdivisions the subordinate officer entrusted with the custody and sale of stamps on behalf of Government, shall be *ex-officio* vendors, and shall sell on behalf of Government "Court Fee" stamps to licensed vendors, and to the public on application.

1(*b*) Such persons as may be licensed by the District Officers shall be licensed vendors, and shall sell to the public such stamps as are indicated in their licenses.

1(*c*) Every license shall specify the name of the licensee, the description of stamps which may be sold under the license, the place of vend, and such other matters as may be necessary, and shall be signed by the authority granting it. The license shall be revocable at any time by the authority who grants it.

The following rule to be inserted after rule 9:—

9(*a*) Every licensed vendor shall at all times have stuck up, in a conspicuous place outside the place of vend, a signboard bearing the name of the vendor with the words "*Licensed Vendor of Stamps*" in the vernacular language of the district. He shall also have in the place of vend his license and the Acts of the Legislature and their Schedules referring to the stamps sold by him, together with these rules in English, placed so that they can readily be seen and read by purchasers.

The following rules to be inserted after rule 13:—

13(*a*) No licensed vendor shall be supplied with stamps on credit without the special sanction of Government.

13(*b*) A licensed vendor shall obtain all the supplies of stamps which he is authorised to sell only from the treasury or a sub-treasury of the district for which his license was granted, and shall sell stamps only at the place mentioned in his license.

The following rules to be substituted for those bearing the same numbers:—

"22. *Issue from double locks.*—The Treasury Officer is to cause the store under double locks to be opened, and the required quantity of stamps to be counted and delivered in his presence to the Treasurer at the head-quarters of a district, and at subdivisions to the subordinate officer entrusted with the custody and sale of stamps on behalf of Government. The number and value of stamps delivered to the Treasurer at head-quarters and to the subordinate officer at subdivisions is to be entered in the store-book, and the balance struck at the time of delivery. This balance is to be attested by the initials of the Treasury Officer and Treasurer at head-quarters, and of the Treasury Officer and subordinate officer at subdivisions, both of whom must invariably be present during the whole time that the store under double locks, or any part of it, remains open. The deliveries shown in the store-book must agree with the indent as approved.

"23. *Issue from double locks at intermediate times.*—If the Treasurer at head-quarters, or the subordinate officer at a subdivision, requires stamps at any intermediate time, the same process is to be observed as is prescribed in the preceding rule."

HOME DEPARTMENT.

PUBLIC.

No. 4727.

NOTIFICATION.

Simla, the 10th August 1901.

No. 4699.—Intelligence having been received of the demise of HER IMPERIAL MAJESTY THE EMPRESS AND QUEEN FREDERIC OF GERMANY AND PRUSSIA, sister of His Majesty the King, Emperor of India, the Governor-General in Council hereby directs that officers of His Majesty's Civil, Military, and Marine Services do put themselves in mourning up to the 28th August, inclusive. The Governor-General in Council requests that a similar mark of respect may on this melancholy occasion be observed by all other classes of His Majesty's subjects.

Officers of His Majesty's Civil, Military, and Marine Services will, when in uniform, wear a band of crape on the left arm up to the 18th September, inclusive.

The flag at Fort William and at all other forts and stations will be hoisted half-mast high until sunset on the 13th instant—the day appointed for Her late Imperial Majesty's funeral. On that day sixty minute guns, corresponding with the age of Her late Imperial Majesty, will be fired from the ramparts of Fort William and at all the principal garrisons and stations in India—the last gun to be fired and the flag to be dropped as the sun sets.

By order of the Governor-General in Council,

LAND SALE NOTICES.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situated in the district of Midnapore will be put up to sale at the Midnapore Collectorate on Thursday, the 26th September 1901, corresponding with the 10th of Aswin 1308 B.S. and 11th of Aswin 1309 A.S.

The purchasers will be subject to the following conditions of sale:—

Conditions of Sale.

1st.—Each estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them, subject to the revenue fixed in perpetuity.

2nd.—The sales to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and the purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of the original sale.

Shahabad Collectorate, Arrah, the 20th July 1901.

NOWRUNGI LALL, *for* Collector.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate, situate in the district of Darbhanga, will be put up for sale at the Darbhanga Collectorate on the 24th September 1901, corresponding with 26th Bhado 1308 Fusli. The purchasers will be subject to the following conditions of sale:—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchaser of the estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.

2nd.—The lease to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchaser to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

The Indian Law Reports.

Published under Authority.

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

PART VI.

Bills introduced into the Council of the Governor General for making Laws and Regulations, or published under Rule 23.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 2nd August, 1901 :

NO. 5 OF 1901.

A Bill further to amend the Indian Articles of War.

WHEREAS it is expedient further to amend the Indian Articles of War ; It is hereby enacted as follows : of 1869.

1. (*1*) This Act may be called the Indian Articles of War Amendment Act, 1901 ; and

Short title and commencement.

(*2*) It shall come into force at once.

2. To Article 4, sub-article (*1*), clause (*b*), of the said Indian Articles of War, the following proviso shall be added, namely :— V of 1869.

Amendment of Article 4, Act V, 1869.

" Provided that, if he is dismissed or discharged by order of an officer not subject to the authority of the Governor General in Council or of the Commander-in-Chief in India, such dismissal or discharge shall not take effect until it has been approved by the Governor General in Council or by the Commander-in-Chief in India, or, if he belongs to a command but is serving with a force not attached to a command, by the general officer of the command to which he belongs."

STATEMENT OF OBJECTS AND REASONS.

ARTICLE 4, sub-article (*1*), clause (*b*), of the Indian Articles of War (Act V of 1869, as amended by Act XII of 1894), empowers the officer commanding a force not attached to a command, as defined in clause (*e*), sub-head (16), of the preliminary portion of Part I, to dismiss or discharge a person subject to the Indian Articles of War serving in such force.

2. The Government of India are advised that the power so given may be finally exercised even by officers who are not subject to the authority of the Governor General in Council or the Commander-in-Chief and who may be wanting in all previous experience of Indian troops. It is considered expedient, therefore, to amend the article in question by the addition of a proviso enacting that in such cases the dismissal or discharge shall not take effect until approved by competent authority in India. The amendment specifies the Commander-in-Chief in India, as well as the general officer of the command, so as to provide for the cases of " enrolled " and " enrolled and attested " men who may not, when serving in India, as in the case of the Hyderabad Contingent, belong to any particular command.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 2nd August, 1901 :

NO. 6 OF 1901.

A Bill further to amend the Court-fees Act, 1870.

WHEREAS it is expedient further to amend the Court-fees Act, 1870; It is hereby enacted as follows :

VII of 1870.

1. (*1*) This Act may be called the Court-fees (Amendment) Act, 1901 ; and

Short title and commencement.

(*2*) It shall come into force at once.

2. After section 1 of the Court-fees Act, 1870, the following section shall be added, namely :

VII of 1870.

Addition of new section after section 1, Act VII, 1870.

"2. In this Act, unless there is anything repugnant in the subject or context, 'Chief Controlling Revenue-authority' means—

"Chief Controlling Revenue-authority" defined.

(*a*) in the Presidency of Fort St. George and the territories respectively under the administration of the Lieutenant-Governors of Bengal and the North-Western Provinces and the Chief Commissioner of Oudh—the Board of Revenue ;

(*b*) in the Presidency of Bombay, outside Sindh and the limits of the town of Bombay—a Revenue Commissioner ;

(*c*) in Sindh—the Commissioner ;

(*d*) in the Punjab and Burma, including Upper Burma—the Financial Commissioner ; and

(*e*) elsewhere—the Local Government or such officer as the Local Government may, by notification in the official Gazette, appoint in this behalf."

3. (*1*) In sections 19-A and 19-E of the said Act, for the words "of the Province" the words "for the local area" shall be substituted.

Amendment of sections 19-A, 19-E and 19-H, Act VII, 1870.

(*2*) In section 19-H, sub-section (*2*) of the said Act, for the same words the words "for the local area in which the High Court is situated" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

THE present Bill has been undertaken, at the suggestion of the Government of Bombay, with a view to removing doubts arising from the absence of a definition in the Court-fees Act, 1870 (VII of 1870), of the expression "Chief Controlling Revenue-authority." The words "of the Province", which follow it in sections 19-A, 19-E and 19-H, imply that there must be one such authority for the whole Presidency of Bombay ; and it would appear that the only authority satisfying this description is the Local Government itself. This interpretation, if correct, would involve considerable inconvenience both to the public and to the administration with reference to the executive duties required to be discharged ; but it appears, at least, somewhat doubtful, in view of the language of section 23, which contemplates that rules framed by the Chief Controlling Revenue-authority shall be approved by the Local Government. In these circumstances, it is proposed to incorporate the definition contained in section 2, clause (*8*), of the Indian Stamp Act, 1899 (II of 1899), with consequential alterations in the three sections above referred to, with the object of showing that the Chief Controlling Revenue-authority having jurisdiction throughout is the authority for the local area, not in which the property is to be found, but in which the Court concerned is situated.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 2nd August, 1901 :

NO. 7 OF 1901.

A Bill further to amend the Indian Steam-ships Act, 1884.

WHEREAS it is expedient further to amend the Indian Steam-ships Act, 1884; It is hereby enacted as follows:

11 of 1884.

1. (*1*) This Act may be called the Indian Steam-ships (Amendment) Act, 1901; and

Short title and commencement.

(*2*) It shall come into force at once.

2. In section 23 of the said Act the word "foreign," where it first occurs, and the words "at the port of survey" shall be omitted; after the word "attested" the words "in the case of a foreign steam-ship" shall be inserted; and in the proviso after the words "in the case of" the words "a foreign steam-ship to" shall be inserted.

Amendment of section 23, Act VII, 1884.

3. In section 25 of the said Act after the word "specified" the words "steam-ship or" shall be inserted, and for the words "to them" the word "thereto" shall be substituted.

Amendment of section 25, Act VII, 1884.

STATEMENT OF OBJECTS AND REASONS.

UNDER the terms of section 9 of the Indian Steam-ships Act, 1884 (VII of 1884), the port of survey, at which a certificate can be given, must be situated within the territories under the administration of a Local Government. Inconvenience has been occasioned in the case of steam-ships, which, had they been foreign vessels, might have been dealt with under section 23, but which, in view of the absence of facilities for dry-docking at Aden, are compelled to proceed to Bombay. It is accordingly proposed to apply to such cases the procedure permitted by section 23.

2. The opportunity has been taken, on the lines of section 57 of the Native Passenger Ships Act, 1887 (X of 1887), to extend to particular steam-ships the exempting power conferred by section 25 of the Act of 1884, which is at present capable of being exercised only in the case of classes of steam-ships.

The 20th July, 1901.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 2nd August, 1901 :

NO. 8 OF 1901.

A Bill to apply the provisions of the Indian Railway Companies Act, 1895, to certain Tramway Companies.

WHEREAS by the Indian Railway Companies Act, 1895, the Railway Companies therein mentioned are authorized to pay interest on their paid-up share capital out of capital in the manner and on the conditions prescribed by the said Act: X of 1895.

And whereas it is expedient to apply the provisions of the said Act to Companies formed for the construction of tramways not differing in structure and working from light railways It is hereby enacted as follows :—

1. (*1*) This Act may be called the Indian Tramways Act, 1901. Short title, extent and commencement.

(*2*) It extends to the whole of British India; and

(*3*) It shall come into force at once.

2. The Governor General in Council may, by notification in the Gazette of India, direct that the provisions of the Indian Railway Companies Act, 1895, in so far as the same are applicable, shall apply to any Company formed for the construction of a tramway under the Indian Tramways Act, 1886, and thereupon it shall be lawful for the Tramway Company mentioned in the notification to pay interest upon its paid-up share capital out of capital in the manner and subject to the conditions prescribed by the said Act. Application of Act X, 1895, to Tramway Companies. X of 1895. XI of 1886.

STATEMENT OF OBJECTS AND REASONS.

BY the Indian Railway Companies Act, 1895 (X of 1895), it is provided that Railway Companies registered under the Indian Companies Act, 1882 (VI of 1882), may, under certain conditions, pay interest on their paid-up share capital out of capital during construction, and it is proposed by this Bill to take power for the Governor General in Council to apply the same provisions to Companies formed for the construction of tramways not differing in structure and working from light railways. It is believed that legislation to this end will remove what is recognised as a tangible obstacle to the consideration in London of many remunerative light railway projects in India, which, for administrative reasons, it is desired to control in this country under the provisions, not of the Railways, but of the Tramways, Act.

Grafton passage and Mourilyan harbour approach—Non-existence of shoal patches.

WITH reference to Notice to Mariners No. 260, dated 12th October 1900, issued by this office, the British Admiralty has given further notice (No. 509 of 1901) that information, dated 14th January 1901, has been received from Lieutenant and Commander C. E. Monro, H.M. surveying vessel *Dart*, that a careful but unsuccessful search had been made for the shoal soundings reported in the undermentioned places :—

(*a*) Grafton passage.—The shoal sounding of 8 fathoms reported by the Commander of H.M.S. *Torch* to be situated with summit of Fitzroy island bearing S. 31° W., and False Cape S. 60° W.

Approximate position, lat. 16° 45′ S., long. 146° 8′ E.

The soundings of 9 fathoms, situated at distances of 2 and 7½ miles respectively, about N.E. by N., from the above position.

(*b*) Mourilyan harbour approach.—The shoal of 3½ fathoms reported by the Commander of the R.M.S. *Avoca* to be situated with Goodman rock, entrance to Mourilyan harbour, bearing S. 38° W., distant 2$\frac{3}{10}$ miles.

Approximate position, lat. 17° 34′ S., long. 146° 9½′ E.

No indication of any shoal water having been found in any of the above positions, the shoal soundings in Grafton passage, and the shoal at the entrance to Mourilyan harbour, are considered not to exist, and have in consequence been erased from the charts.

Megæra rock—Retained on charts.

NOTE.—Megæra rock.—Though three close searches have been made without finding any indication of shallow water over the area in which a danger was reported by H.M.S. *Megæra* in 1858, and by the S.S. *Karaweera* in 1899, a warning of the possibility of a small head existing in the vicinity has been left upon the Charts as "Megæra rock P.D.," situated S. 71° E., distant 6½ miles from Howick island summit (185 feet).

Ice, off Yezo island.

WITH reference to Notice to Mariners No. 158, dated 7th July 1901, issued by this office, the British Admiralty has given further notice (No. 468 of 1901) that further information has been received through the Commander-in-Chief, China, that the British

S.S. *Tartar* encountered a large quantity of field and pack ice on 21st March 1901, off the south-east coast of Yezo island, in approximately lat. 42° 48′ N., long. 147° 9′ E.

Also that the S.S. *Ping Suey* encountered ice in this neighbourhood on 18th March 1901 in approximately lat. 43° 42′ N., long. 147° 20′ E.

Both vessels received damage from the ice when passing through the pack.

In consequence of the above reports a pecked line, extending from about 30 miles eastward of Shikotan jima, and following roughly the general trend of the coast to about 40 miles eastward of cape Yerimo, has been placed on the Charts to indicate the area within which field ice may be met with during February, March, and possibly April.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL, AND OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN ASSAM, FOR THE MONTH OF JULY 1901.

WEATHER of the usual south-west monsoon type became established over the Province early in the month, and from about the 6th rainfall has been of fairly general occurrence. It was, however, throughout July less regular than usual in its distribution; and though over scattered tracts of country there was an excess fall for the month as a whole, it was much more frequently deficient. The average fall in the various divisions is in every case below the normal, and in East Bengal and Chota Nagpur by comparatively large amounts. Defect in East Bengal was nearly 6 inches, in Chota Nagpur 4·5, in North Bengal and Bihar more than 3, and in Orissa and South-West Bengal about 1·5.

In Orissa particularly the distribution was irregular, and even within the limits of a district great contrasts are shown. In the Puri district Puri and Banpur received about 8 inches, about a third of the normal, and Gop more than 20 inches, or almost twice the normal. In the Cuttack district Kendrapara received about 5 inches and Jagatsingpur 22 inches, the normal in each case being about 12 inches. In all fourteen stations in Orissa show a larger or smaller defect, and six an excess of those stations for which the normal rainfall has been computed.

The other areas in which rainfall has been in excess generally lie on a line drawn from the mouth of the Hooghly towards the Assam Hills, but in these parts the excess is usually small. In the Jalpaiguri district and in Bettiah and Saran there was generally a small excess, the greatest being 8 inches at Jalpaiguri.

Over the greater part of the Province falls have been deficient, and in the south-east corner, including Backergunge, Dacca, Tippera, Noakhali, and Chittagong, as also in parts of Chota Nagpur, the defect has been large.

It is difficult to account for these irregularities and deficiencies. The pressure distribution was not unfavourable during the greater part of the month, and it was only towards the end that any considerable excess of pressure accumulated over Bengal. For the month as a whole, pressure was below the normal by small amounts over both the Province and the Bay. Winds were blowing in the usual directions, and were quite up to average strength. Humidity was high if it in any way differed from the normal, but cloud was generally less. The difference may, therefore, be assumed to have been not in the lower levels of the atmosphere for which meteorological instruments supply information.

In one important respect there was a marked contrast with ordinary years and almost with any year for which statistics have been collected, though this peculiarity has, in a less noticeable form, been present for several years past. There has been a complete absence of cyclonic storms which form at the head of the Bay in monsoon months. These storms have an important influence on the quantity and distribution of rainfall in the west of the Province; and as they are accompanied by a steep pressure gradient over the Bay, which subsequently causes an inrush of moist air from the Bay towards Bengal, they may be said to cause general and in some cases heavy rain over the whole area. Their absence in the present year may partly account for the unsatisfactory rainfall in Lower Bengal, Orissa, and Chota Nagpur.

Though cyclonic storms have been entirely absent, several shallow depressions formed over the land area. Such depressions usually cause general and even more heavy rainfall in central and northern districts partly because of their position, and partly because they frequently remain over the Province for several days at a time. In the present year such depressions have moved westwards more quickly than usual; and though they were the cause of heavy rainfall in places, it was less general and heavy than is usual in such circumstances.

A further possible cause of the irregular distribution of rainfall is probably connected with the fact that thunderstorms have been more numerous than is usual in July. Rainfall due to thunderstorms is heavy and local, so that apparently accidental circumstances may have resulted in some stations receiving much more than others at no great distance from them.

At the beginning of the month pressure was low over the whole area, but more over the Bay and in the west of Bihar than in Bengal Proper. Winds were irregular on the Orissa coast, but otherwise the air movement was not abnormal. Rainfall was light and scattered, and temperature, though not exceptional in Burma, Assam, and Bengal Proper, was very different from what usually obtains early in July in the western districts. The variation from the normal mean temperature ranged from excess of 15° in the west of Bihar to defect of 7° in the Circars. The slightly unsettled conditions in the west of the Bay were still present on the 2nd, but they shortly afterwards passed away with a few light showers in Orissa and the adjacent districts. From the 3rd to the 6th a steady change was in progress. Pressure was falling in the north, rainfall was becoming more general, and the high temperatures in the western districts had become considerably reduced; so that on the 7th, when a shallow depression formed in South-West Bengal, conditions were favourable for heavy monsoon weather. On the 8th the depression was somewhat better defined, and on the 9th it had moved westward, the area of lowest pressure being to the west of Chota Nagpur.

The rainfall which began on the 6th was most general on the 7th, but was not heavy, except in some of the northern districts, noticeably the Darjeeling Hills. Fairly general rain continued during the subsequent days, and on the 11th a pressure change occurred which caused more heavy falls in the east and north of the Province. This change consisted of a moderate to brisk increase in the south-western districts and a similar fall in the north, more especially along the Himalayas and neighbouring plains. The heaviest rainfall was in East Bengal on the 12th and in North Bengal on the 13th, on which date the variation from normal pressure ranged from a small excess in the Circars to defect of ·15 inch in North Bengal, the gradient over the north of the Bay and the south of the Province being considerably steeper than usual.

The pressure changes of the 14th were more irregular than usual, and caused the low pressure in the north-east to concentrate into a shallow depression with a cyclonic wind circulation. These pressure changes were such as might occur if a depression were moving westward or north-westward from Burma towards Bengal; and as the westward motion continued, the area of lowest pressure was over the central districts on the 15th and had passed out of the Province on the 16th.

While the depression was in the east it caused general moderately heavy rainfall in Bengal Proper, and the rainfall was fairly general in the western districts during the passage of the low-pressure area, but afterwards when the winds became easterly inland as well as over the north of the Bay, only partial rain fell. On the 17th after a steady moderate rise of pressure for several days, the distribution was more uniform than it had previously been. There was a considerable excess in Bengal Proper and a small defect in the south of the Bay.

During the latter half of the month, with the exception of two or three days about the 22nd, comparatively dry weather for the season prevailed. Rainfall was not altogether absent, but it was light and partial. This was no doubt due to the high pressure over the land as compared with the sea area and the lighter southerly winds over the Bay. Between the 21st and 23rd there was some appearance of a depression moving westward from Burma, and on the 24th a rapid rise of pressure extended over the Province, apparently proceeding from the north-east. As the wave of rising pressure advanced south-westward, a shallow depression formed in the north-west of the Bay. At first on the 25th it was off the coast of the Circars, but on the 26th and 27th it was more to the north, and ultimately passed inland across the Orissa coast on the 28th.

This slight disturbance, the only one of the cyclonic storm class during the month, was of the faintest, and caused neither squally weather at sea nor heavy rainfall in the western districts during its passage. The high pressure which led to the disturbance continued over the Province for only a short time after the depression moved inland, and on the 31st after a steady fall for two days the distribution was again normal.

Pressure was low over the Province during the first half of the month, and generally high or about normal during the latter half. The variation was never very large, and was greatest during the period of high pressure towards the end of the month. But as low pressure was more frequent, the means for the month are below the normal at all stations, inland as well as on the coast. The greatest defect was ·03 inch in Bihar and at the coast stations, while in Bengal Proper and Chota Nagpur the difference was ·02 inch or under.

Temperature was very high for the season of the year in the western districts during the early days of the month, but after monsoon conditions became established about the 6th, temperature became more normal and continued so till the latter half of the month when it was again fairly high. In consequence of these high temperatures at the beginning and towards the end of the month, mean maximum and minimum temperatures are high at all inland stations. Excess in maximum temperature varies from 1° in North Bengal to 4° in the west of Bihar. Excess in minimum temperature is as usual less, and is under 1° except in the northern districts, where it is between 1° and 2°.

The average excess in Bihar is just under 2,° in Chota Nagpur 1°·6, and in other parts of the Province about 1°. In Assam the mean temperature for the month was about normal.

Rainfall has already been discussed in fair detail. It has been exceptional in two respects—(1) in being in large defect over a considerable part of the Province, (2) in being irregularly distributed with more heavy local falls than usual. In East Bengal the total average fall was 11·70 inches, the normal being 17·56, and in Chota Nagpur 9 32, the normal being 13 83. In both of these divisions the deficiency was 33 per cent. of the normal fall. North Bengal and Bihar each received 3 inches, or about 20 per cent. less than the normal, and in Orissa and South-West Bengal there was a deficiency of 1·5 inches.

The irregularity in the distribution was particularly marked in Orissa, but it was also noticeable in East Bengal and in Bihar, and was probably due to the absence of cyclonic storms, the general weakness of the monsoon winds in the higher levels of the atmosphere, and the greater frequency of thunderstorms than is usual in July.

It is difficult to give briefly any accurate description of the distribution of rainfall owing to these irregularities, and for detailed information reference must be made to the accompanying tables. Generally falls were in excess in parts of Orissa, the 24-Parganas, Hooghly, Faridpur, and Mymensingh, in irregular tracts of country lying roughly in a line running south-west from the Assam Hills. There was also excess in the Western Duars, the Darjeeling Hills, and in Saran and Bettiah. Elsewhere there was defect, generally of 3 to 4 inches, except in the north of Chota Nagpur, the Santhal Parganas, part of the north of Bihar, and

in the south-east of Bengal Proper, where defect was more than 5 inches. In parts of Chittagong, Tippera, and Backergunge defect was more than 10 inches.

The following table gives a comparison of the falls in the various divisions during the month of July with the normal fall, the actual being given as a percentage of the normal fall. The table also shows the actual falls for each of the previous months of the year expressed in the same way, and the last column of the table shows the total of the falls of the past seven months of the year in each division expressed as a percentage of the normal fall:—

The following table gives full data for the comparison of the actual and normal rainfall of the month of July in all districts of the Province. The figures are derived from the average and actual rainfall of the rain-recording stations in each district, due allowance being made for the area which each station represents. This gives a more accurate average than the arithmetical means given in the monthly meteorological tables. The first column gives the normal or average district rainfall as determined from the rainfall observations of the past 25 years; the second column gives the actual district rainfall as determined from the weighted actual rainfalls of the month at the reporting stations in each district; the third column expresses the ratio of the actual district rainfall of the past month to the normal rainfall as a percentage; and the fourth column gives the same information in a slightly different form, expressing as a percentage how much the district rainfall varied in excess or in defect from the normal rainfall:—

The results of observations at the Alipore Observatory are not rigorously comparable with the registers of past years (at the Park Street Observatory). The barometer is about 3 feet higher at Alipore, and, other things being equal, reads therefore ·003 lower. The diurnal range of temperature is also greater at Alipore, and the mean temperature apparently about 0°·6 higher; and, finally, the thermometer which furnished the record of temperature at the Surveyor-General's Office during 20 years and upwards is found to read 0·6 higher than the Kew Standard thermometer, which is the standard of reference at the present Observatory.

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

o, overcast; d, drizzling rain; t, thunder; p, passing temporary showers.

NOTIFICATION.

No. 2502M.—The 20th August 1901.—Whereas a Notification No. 1271M., dated the 26th March 1901, was published at page 60, Part 1B of the *Calcutta Gazette* of the 27th idem, declaring the intention of the Lieutenant-Governor to revise the boundaries of the Jalpaiguri Municipality so as to include within its limits the following plot of land, and whereas no objection has been raised to the proposal within one month from the date of the publication of the above notification within the Municipality, it is hereby notified for general information that in the exercise of the power vested in the Local Government by section 9A(2) of the Bengal Municipal Act III of 1884 as amended by subsequent enactments, and in accordance with the recommendation of the Commissioners of the Jalpaiguri Municipality, made at a meeting, the Lieutenant-Governor is pleased to revise the boundaries of the said Municipality as proposed.

Jalpaiguri.

The land proposed to be included within the Municipality is bounded on the east by the existing western boundary of the Municipality, on the north by the Berubari road, on the west by the Berubari road, and on the south by a line drawn from a point on the Berubari road about 200 yards from Messrs. Ralli Brothers' godown and premises and passing south of the Adarpara tank till it meets the Eastern Bengal State Railway line at the culvert to the south-east of that tank.

The boundaries of the Jalpaiguri Municipality after the inclusion of the above area will be as follow :—

On the North—A line drawn due east from the ditch on the north of the Bykantpur Zamindar's house to the bank of the Teesta river, and west in a straight line to a point on the bank of the river Kurla, and thence along the western bank of the Kurla until it reaches a point about 400 yards west of the old jail and thence to the Silliguri road.

On the South—A line drawn from a point on the Berubari road about 200 yards from Messrs. Ralli Brothers' godown and premises and passing south of the Adarpara tank till it meets the Eastern Bengal State Railway line at the culvert to the south-east of the said tank, and thence passing along the western boundary of the railway line till it meets the level crossing of the Teesta-Pandarpara road, and thence along that road to the Teesta river.

On the East—The Teesta river.

On the West—A line drawn from the point where the northern boundary touches the Silliguri road passing outside the Mahut's village including Sheri Mohamed's village, and passing to the east of Cherkutto's house until it meets the Eastern Bengal State Railway line at a point about 441 yards above the Titalyah road, and passing along the western boundary of the railway line till it meets the level crossing of the Berubari road, and thence passing along that road to a point about 200 yards from Messrs. Ralli Brothers' godown and premises to the south-west of it.

LAND SALE NOTICES.

Advertisement of Sale

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situated in the district of Midnapore will be put up to sale at the Midnapore Collectorate on Thursday, the 26th September 1901, corresponding with the 10th of Aswin 1308 B.S and 11th of Aswin 1309 A.S.

The purchasers will be subject to the following conditions of sale:—

Conditions of Sale.

1st.—Each estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchasers of these estates will be considered as the proprietors of the estates and the entire proprietary right of Government in such estates will be transferred to them, subject to the revenue fixed in perpetuity.

2nd.—The sales to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and the purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of the original sale.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate, situate in the district of Darbhanga, will be put up for sale at the Darbhanga Collectorate on the 24th September 1901, corresponding with 26th Bhado 1308 Fusli. The purchasers will be subject to the following conditions of sale:—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchaser of the estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.

2nd.—The lease to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchaser to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate situate in the district of Rajshahi will be put up to sale at the Rajshahi Collectorate on the 25th September 1901, corresponding with 9th Ashin 1308 B.S.

The purchasers will be subject to the following conditions of sale :—

Conditions of sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or, if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

APPENDIX XXX.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of lands no longer required by Government situated along the Sone Canals in the district of Gaya will be put up to sale at 12 o'clock noon on the 16th September 1901 corresponding to the 18th Bhado 1308 fasli at Collector's office, Gaya.

1. The purchasers of the several plots of lands will be subject to the following conditions :—

The purchasers will have no power to make any excavation on the land nearer than 15 feet from the road or plough the land closer than three feet from its foundation.

2. If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid at once.

3. If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount must be immediately deposited.

If the balance be not paid by the noon of the fifteenth day after sale reckoning the day of sale as one, or if that be a close holiday then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government and the lot again put up for sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.

4. The plots of land will be sold revenue-free to the highest bidders.

5. The purchaser shall be put in possession on receipt by the Collector of the orders of the Board confirming the sale.

City of Bombay Improvement Trust.

Issue of Rupees thirty lakhs four per cent. Debentures guaranteed by Government under section 80 of the Act, repayable in 60 years.

NOTIFICATION.

WITH the sanction of the Government of India, and under the provisions of sections 52-59 of the City of Bombay Improvement Act, 1898 (assented to by the Governor-General of India), the Board of Trustees for the Improvement of the City of Bombay hereby invite tenders for Rupees 30 lakhs, bearing interest at 4 per cent. per annum, repayable in 60 years. It is not the intention of the Trustees to issue any further Loan during the current financial year.

The guarantee for the fulfilment of the Board's liabilities provided in the Act includes *inter alia* a provision (section 80) that, in the event of any default being made by the Board in any payment of interest due under sections 52 and 54 (including interest on the Board's Debentures) or in setting aside and investing any sum required for the Sinking Fund for redemption of the Board's Debentures, the Accountant-General of Bombay or other officer for the time being performing the duties of the office of the said Accountant-General shall make such payment or set aside and invest such sum as may be required to be paid or to be set aside and invested.

These Debentures will be issued payable to the applicant or order and will be transferable by endorsement.

These Debentures will be issued for sums of Rs. 500 or multiples of Rs. 500, as may be required; they will be repayable in Bombay in sixty years from 6th September 1901 and will bear interest at 4 per cent. per annum, payable half-yearly in Bombay at the Bank of Bombay or by such other Agents as the Trustees may appoint.

Two per cent. of the amount tendered to be deposited on application and a further 5 per cent. on allotment and the balance on or before 31st December 1901. Interest to accrue from date of actual payment of the full amount allotted.

The deposit of 2 per cent. will be returned if no allotment is made, and both deposits will be forfeited if an allotment is not fully paid up as above stated.

Tenders will be received by the Secretary, Bombay Improvement Trust, up to 1 o'clock P.M. (gun-fire) on the 6th September 1901, and they will thereafter be opened in the presence of the Chairman of the Improvement Trust.

Printed Forms of Tender can be obtained on application to the Secretary.

The Board reserve to themselves the right of refusing tenders if they consider the rates offered to be too low, but, subject to this reservation, allotments will be made in full to the highest Tenderers, and rateably to the Tenderers offering the lowest rate accepted by the Board.

By order of the Board,

W. N. SHILSTONE, Secretary.

Office of the Bombay Improvement Trust, Albert Buildings, Hornby Road, Bombay, 16th August 1901.

Alguada reef—Alteration in character of light.

THE Port Officer, Rangoon, has given notice, dated 8th August 1901, that on the 1st January 1902 the exhibition of the present revolving light on Alguada reef will be discontinued to enable the work of replacing it by a new first order dioptric light of 97,000 candle power, showing a flash of 8 seconds duration every 10 seconds being undertaken. It is expected that the new light will be ready for exhibition on or about the 1st April 1902. During this period of alteration, a light vessel marked *Alguada reef* will be moored one mile S. 45° W. (true) of the lighthouse in 11 fathoms of water, showing a white light, with a flash of 5 seconds duration every 45 seconds, visible at a distance of 12 miles in clear weather.

EASTERN ARCHIPELAGO—Celebes, south-west coast.

Makassar southern approach—Reef reported.

The British Admiralty has given notice (No. 506 of 1901) that the Master of the S.S. *Holyrood* reports that at 1-15 p.m., 19th October 1900, in approaching Makassar from the southward, his vessel, drawing 22½ feet, grazed on a reef in lat. 5° 34′ S., long. 119° 22′ E.

As the astronomical position only is stated, and no bearings of the land given, it is assumed that this vessel struck on the 4¾ fathom patch shown on the Chart about three-quarters of a mile N. 26° W. from the alleged position of the *Holyrood's* grounding; the depth on that patch has therefore been altered on the Charts from 4¾ fathoms to 2¾ fathoms.

Grafton passage and Mourilyan harbour approach—Non-existence of shoal patches.

With reference to Notice to Mariners No. 260, dated 12th October 1900, issued by this office, the British Admiralty has given further notice (No. 509 of 1901) that information, dated 14th January 1901, has been received from Lieutenant and Commander C. E. Monro, H.M. surveying vessel *Dart*, that a careful but unsuccessful search had been made for the shoal soundings reported in the undermentioned places:—

(*a*) Grafton passage.—The shoal sounding of 8 fathoms reported by the Commander of H.M.S. *Torch* to be situated with summit of Fitzroy island bearing S. 31° W, and False Cape S. 60° W.

Approximate position, lat. 16° 45′ S., long. 146° 8′ E.

The soundings of 9 fathoms, situated at distances of 2 and 7½ miles respectively, about N.E. by N., from the above position.

(*b*) Mourilyan harbour approach.—The shoal of 3¼ fathoms reported by the Commander of the R.M.S. *Avoca* to be situated with Goodman rock, entrance to Mourilyan harbour, bearing S. 38° W., distant $2\frac{8}{10}$ miles.

Approximate position, lat. 17° 34′ S., long. 146° 9½′ E.

No indication of any shoal water having been found in any of the above positions, the shoal soundings in Grafton passage, and the shoal at the entrance to Mourilyan harbour, are considered not to exist, and have in consequence been erased from the charts.

Megæra rock—Retained on charts.

NOTE.—Megæra rock.—Though three close searches have been made without finding any indication of shallow water over the area in which a danger was reported by H.M.S. *Megæra* in 1858, and by the S.S. *Karaweera* in 1899, a warning of the possibility of a small head existing in the vicinity has been left upon the Charts as "Megæra rock P.D.," situated S. 71° E., distant 6½ miles from Howick island summit (185 feet).

Approximate position, lat. 14° 33′ S., long. 145° 5½′ E.

WORKING OF THE BENGAL JUTE WAREHOUSE AND FIRE-BRIGADE ACT IN THE COSSIPORE-CHITPUR, MANIKTALA, AND GARDEN REACH MUNICIPALITIES DURING THE YEAR ENDING 31ST MARCH 1901.

No. 2474M.—The 20th August 1901.—The following report is published for general information in accordance with the provisions of section 41 of the Licensed Warehouse and Fire-Brigade Act of 1893.

H. M. KISCH,

Offg. Secy. to the Govt. of Bengal.

No. 465M., dated Calcutta, the 29th July 1901.

From—The Commissioner of the Presidency Division,
To—The Secretary to the Government of Bengal, Municipal Department.

WITH reference to the orders of Government, No. 1939M., dated the 13th July 1901, I have the honour to submit herewith copies of the reports on the working of the Bengal Jute Warehouse and Fire-Brigade Act I of 1893 for the year ending 31st March 1901 in the Cossipore-Chitpur, Maniktala, and Garden Reach Municipalities, as received from the Chairmen of those Municipalities.

No. 1366M., dated the 3rd July 1901.

From—E. PANTON, Esq., Chairman, Garden Reach Municipality,
To—The Magistrate of the 24-Parganas.

WITH reference to your circular memorandum No. 17M., dated 12th ultimo, I have the honour to submit the following report on the working of the Jute Warehouse Act in this Municipality.

2. The annexed statement will show the number of jute warehouses, wood depôts, &c., and the amount of license fees received.

3. The collection of the year fell short, as there was, properly speaking, no outdoor officer to supervise the collection of fees. The arrear fees due from the owners of straw, *golpatta* and bamboo depôts are now being realised, and it is expected that the Commissioners will be able to meet the contribution from the fees they will realise.

4. There was no case of fire during the year under report.

No. 241, dated Narkeldanga, the 25th June 1901.

From—R. D. MEHTA, Esq., C.S., Chairman, Maniktala Municipality,
To—The Magistrate of the 24-Parganas.

WITH reference to your circular memorandum No. 17M., dated the 12th instant, forwarding copy of Divisional Commissioner's letter No. 282M., of the 8th idem, calling for a report on the working of the Bengal Jute Warehouse and Fire-Brigade Act during the year 1900-1901, I have the honour to submit as follows.

1. The Fire-Brigade Budget for the year under report was prepared by the Commissioner of Police under section 26 (1) of Act I of 1893, and so far as it related to this Municipality was accepted by the Commissioners at their meeting held on the 28th April 1900.

2. The proportionate share of contribution of one per cent. of the estimated amount of Rs. 83,126 towards the maintenance of the Fire-Brigade establishment, viz. Rs 831, was paid in two instalments. The total amount realised as fees from the warehouses under the Act was Rs 1,259-1-6 against Rs. 1,228-4-6 of the preceding year. The increase of Rs. 30-13 was due to certain trades of other description than jute warehouses during the year under review.

3. Licenses for nine jute warehouses and 64 for trades of other descriptions in inflammable materials, such as firewood, hay, straw, *golpatta* depôts, &c., were issued during the year under report against 10 and 62 of the preceding year.

4. License fees on jute warehouses were levied at 6 per cent. per annum on the annual value of holdings as assessed for Municipal taxes and on trades of other descriptions at 10 per cent.

5. All the owners of warehouses having paid their license fees in due time, no prosecutions were instituted during the year.

6. The jute godowns and firewood depôts are mostly situated near the Circular canal, which forms the western boundary of this Municipality. Surah Jute Mills situated on the north side of Narkeldanga main road is the only mill within the Municipality for the manufacture of gunnybags and there are two roperies.

7. A fire broke out at Meah Bazar, Belliaghata, on the 9th April 1900. It was brought under by the inhabitants of the locality before any assistance could be rendered by the Fire-Brigade. It resulted in no loss of life, but damage done to property amounted to about Rs 500.

The mean pressure, temperature, etc., are deduced from the traces of the Barograph and Thermograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph

The mouth of the rain-gauge is one foot above the ground.

o, overcast; d, drizzling rain; p, passing temporary showers.
